Having long studied these, Gelluk knew that once he had enough of the pure metal, the next stage was to refine it yet further into the Body of the Moon. He had understood the disguised language of the book to mean that in order to purify pure quicksilver, the fire must be built not of mere wood but of human corpses. Rereading and pondering the words this night in his room in the barracks, he discerned another possible meaning in them. There was always another meaning in the words of this lore. Perhaps the book was saying that there must be sacrifice not only of base flesh but also of inferior spirit. The great fire in the tower should burn not dead bodies but living ones. Living and conscious. Purity from foulness: bliss from pain. It was all part of the great principle, perfectly clear once seen. He was sure he was right, had at last understood the technique. But he must not hurry, he must be patient, must make certain. He turned to another passage and compared the two, and brooded over the book late into the night. Once for a moment something drew his mind away, some invasion of the outskirts of his awareness; the boy was trying some trick or other. Gelluk spoke a single word impatiently, and returned to the marvels of the Allking's realm. He never noticed that his prisoner's dreams had escaped him..knowledge. Ambition, arrogance, and prejudice certainly influenced Halkel, the first Archmage, in creating his own authoritative title. Her feet and legs and hands were bare and dirty, her skirt and jacket disreputable. Her dirty toes and fingers were delicate and elegant, and a necklace of amethysts gleamed under the torn, buttonless jacket. Her mother, Tangle, made a good living by curing and healing, bone-knitting and birth-easing, and selling spells of finding, love-potions, and sleeping-drafts. She could afford to dress herself and her daughter in new clothes, buy shoes, and keep clean, but it didn't occur to her to do so. Nor was housekeeping one of her interests. She and Rose lived mostly on boiled chicken and fried eggs, as she was often paid in poultry. The yard of their two-room house was a wilderness of cats and hens. She liked cats, toads, and jewels. The amethyst necklace had been payment for the safe delivery of a son to Golden's head forester. Tangle herself wore armfuls of bracelets and bangles that flashed and crashed when she flicked out an impatient spell. At times she wore a kitten on her shoulder. She was not an attentive mother. Rose had demanded, at seven years old, "Why did you have me if you didn't want me?".Elehal. But when I come back I'll stay. What I need to find I'll find here. I thought my name would make me be me. But this makes it worse. You got it wrong. You're only a witch. You did it wrong. It's his name. He can have it. He's so proud of it, his stupid domain, his stupid grandfather. I don't want it. I won't have it. It isn't me. I still don't know who I am. I'm not Irian!" She fell silent abruptly, having spoken the name..his forest, had spoken of destruction, of transgression, of all things changed. Taking dragon form himself, he flew to battle with Orm over Mount Onn. "Flame and fire in the midnight air" could be seen from the palace in Havnor. They flew north, Erreth-Akbe in pursuit. Over the sea near Taon, Orm turned again and this time wounded the mage so that he had to come down to earth and take his own form. He came, with the dragon now following him, to the Old Island, Ea, the first land Segoy raised from the sea. On that sacred and powerful soil, he and Orm met. Ceasing their battle, they spoke as equals, agreeing to end the enmity of their races..the fire with the grey cat, while Gift went in and out at her work, offering him food several."Yes," he said, "but only disguised. Golden glanced over at his wife, who stood by the window listening in silence. Then he looked at his son. Slowly the mixture of anger, disappointment, confusion, and respect on his face gave way to something simpler, a look of complicity, very nearly a wink. "I see," he said. "And what did you decide you want?".honor. Power of birth and power of money were contingent, and must be earned lest they be lost.. "Yes," said Ember. "We must hide, and forever if need be.
