He had put his spell on her, and she looked like a man, though she did not feel like one. She and Ivory took each other in their arms, because after all they had been friends, companions, and he had done all this for her. "Courage!" he said, and let her go. She walked up the street and stood before the door. She looked back then, but he was gone.."More a mater of getting in with it, I think." The old man was burying the core of his apple and the larger bits of eggshell under loose dirt, patting it over them neatly. "Of course I know the words, but I'll have to learn what to do as I go. That's the trouble with the big spells, isn't it? You learn what you're doing while you do it. No chance to practice. "Ah-there! To Diamond it was as if he held his future, his own life, his whole life, in his arms.."Yes. To send away one woman, it takes nine mages." He very seldom smiled, and when he did it was quick and fierce. "We are to meet to uphold the Rule of Roke. And so to choose an Archmage.". "Do you?" asked the man in the red tunic, smiling a little..his head and trailed after him..weatherworking, and even healing, because they held no fear, no challenge to him. He saw no virtue.The boy's drop-jawed stare irritated Hemlock, though he knew it shouldn't. Wizards are used to overweening confidence in the young of their kind. They expect modesty to come later, if at all. "I said Roke," Hemlock said in a tone that said he was unused to having to repeat himself. And then, because this boy, this soft-headed, spoiled, moony boy had endeared himself to Hemlock by his uncomplaining patience, he took pity on him and said, "You should either go to Roke or find a wizard to teach you what you need. Of course you need what I can teach you. You need the names. The art begins and ends in naming. But that's not your gift. You have a poor memory for words. You must train it diligently. However, it's clear that you do have capacities, and that they need cultivation and discipline, which another man can give you better than I can." So does modesty breed modesty, sometimes, even in unlikely places. The water was dark, though it lay out under the bright sky and far above the peat soils. Dulse followed the goat-tracks, growling when his foot slipped in the mud and he wrenched his ankle to keep from falling. At the brink of the water he stood still. He stooped to rub his ankle. Loose regular meter, alliteration, stylised phrasing, and structuring by repetition are the principal poetic devices. Content includes mythic, epic, and historical narrative, geographical descriptions, practical observations concerning nature, agriculture, sea lore, and crafts, cautionary tales and parables, philosophical, visionary, and spiritual poetry, and love songs. The deeds and lays are usually chanted, the ballads sung, often with a percussion accompaniment; professional chanters and singers may sing with the harp, the viol, drums, and other instruments. The songs generally have less narrative content, and many are valued and preserved mostly for the tune..edge of the universe. Beyond that was only rumor and dream..cliffs he could not climb. He looked forward to seeing him, to being kind to him, teaching him, petting him a bit as he had done yesterday. He sat down with him in the sun. Gelluk was fond of children and animals. He liked all beautiful things. It was pleasant to have a young creature about. Otter's uncomprehending awe was endearing, as was his uncomprehended strength. Slaves were wearisome with their weakness and trickery and their ugly, sick bodies. Of course Otter was his slave, but the boy need not know it. They could be teacher and prentice. But prentices were faithless, Gelluk thought, reminded of his prentice Early, too clever by half, whom he must remember to control more strictly. Father and son, that's what he and Otter could be. He would have the boy call him Father. He recalled that he had intended to find out his true name. There were various ways of doing it, but the simplest, since the boy was already under his control, was to ask him. "What is your
