

## COLLECTION OF PAPERS RELATING TO THE HOOGLHY IMAMBARAH 1815 1910

Roke School was founded by both men and women, and both men and women taught and learned there. stride out of the stableyard without a word, the ugly hound she favoured trotting after her. It. "That's something else." .not yet seen its true goal. I very strongly advise that you not take that risk. Write your realm-for meeting and breeding, and had seldom even been seen by most of the islanders. Naturally. pleased with himself. When the ship was launched (and all seemed well with her, for her fault. So well in hand did Early have Losen's men that within two days the great fleet set forth from Havnor, gathering its tributaries on the way. Eighty ships sailed past Ark and Ilien on a true and steady magewind that bore them straight for Roke. Sometimes Early in his white silk robe, holding a tall white staff, the horn of a sea beast from the farthest North, stood in the decked prow of the lead galley, whose hundred oars flashed beating like the wings of a gull. Sometimes he was himself the gull, or an eagle, or a dragon, who flew above and before the fleet, and when the men saw him flying thus they shouted, "The dragonlord! the dragonlord!". "You're going to Roke to find out," he said, raising his glass to her. After a moment she raised. squirrel scolded, far up in the oak, and a jay replied. Hound scratched his neck and sighed..The people of the Archipelago speak Hardic. There are as many dialects as there are islands, but none so extreme as to be wholly unintelligible to the others..smiled, and the Herbal belatedly made the same gesture..Return From The Stars. "Hah!" said Golden. "Well! I will say I'm glad of it, son." He ate a small porkpie in one mouthful. "Being a wizard, going to Roke, all that, it never seemed real, not exactly. And with you off there, I didn't know what all this was for, to tell you the truth. All my business. If you're here, it adds up, you see. It adds up. Well! But listen here, did you just run off from the wizard? Did he know you were going?". "What will you have us call you?". that way you dip your head, so. And when you know there's ore underfoot, you stamp on the place..The slow stiff words carried great weight..he had enough of the pure metal, the next stage was to refine it yet further into the Body of the. The two earliest surviving epic or historical texts are The Deed of Enlad, and The Song of the. IN THE YEARS after Diamond left home, Golden made more money than he had ever done before. All his deals were profitable. It was as if good fortune stuck to him and he could not shake it off. He grew immensely wealthy..knew about Early. Not a sign of him nor from him. Maybe I could find him, they said, joking me..San's wife screeched when she heard there was a stranger at the door, crying that if San let. before the staggers begin. And those not struck yet, he says he can keep it off em. So the. Erreth-Akbe's gifts in magic became apparent when he was still a boy. He was sent to the court to be trained by the wizards there, and the Queen chose him as a companion for her son..all connected with the Old Powers. As if those Powers were to be controlled or used by any mortal. dead. And in that vision, Anieb had walked on this side of it, not on the side that went down into. of naming as a systematic part of the art magic. Ath left his book with a fellow mage on Pody when. He was grateful to see Kurremkarmerruk coming slowly down the bank of the Thwilburn from the north. The old man waded through the stream barefoot, holding his shoes in one hand and his tall staff in the other, snarling when he missed his footing on the rocks. He sat down on the near bank to dry his feet and put his shoes back on. "When I go back to the Tower," he said, "I'll ride. Hire a carter, buy a mule. I'm old, Azver.". It was Havnor, his land, where his people were, whether alive or dead he did not know; where Anieb lay in her grave, up there on the mountain. He had never been back, never come this close. It had been how long? Sixteen years, seventeen years. Nobody would know him, nobody would remember the boy Otter, except Otter's mother and father and sister, if they were still alive. And surely there were people of the Hand in the Great Port. Though he had not known of them as a boy, he should know them now..the slaves said, "It is done, your majesty." He held audiences, and old men came and said, "We." Got that from under Losen's nose too," he said to Tern. "Come have a look at it! It belonged to a. there was nowhere to stop and nobody would answer questions. A wall-eyed witch took one look at. Diamond. It tickled him a little, though, to see his boy teaching tricks to the witch-child..Ring of the Runes was broken, and Erreth-Akbe died with the great dragon, and Maharion the Brave. peddlers working their way from one islet to the next among the mazy channels. Crow had stocked. They are five against us," said the Herbal.. "Or your library," said Tern, who had become a subtler man than he used to be..Earth in her turning to the sun makes the days and nights, but within her there are no days. Medra walked through the night. He was very lame, and could not always keep up the werelight. When it failed he had to stop and sit down and sleep. The sleep was never death, as he thought it was. He woke, always cold, always in pain, always thirsty, and when he could make a glimmer of the light he got to his feet and went on. He never saw Anieb but he knew she was there. He followed her. Sometimes there were great rooms. Sometimes there were pools of motionless water. It was hard to break the stillness of their surface, but he drank from them. He thought he had gone down deeper and deeper for a long time, till he reached the longest of those pools, and after that the way went up again. Sometimes now Anieb followed him. He could say her name, though she did not answer. He could not say the other name, but he could think of the trees; of the roots of the trees. This was the kingdom of the roots of the trees. How far does the forest go? As far as forests go. As long as the lives, as deep as the roots of the trees. As long as leaves cast shadows. There were no shadows here, only the dark, but he went forward, and went forward, until he saw Anieb before him. He saw the flash of her eyes, the cloud of her curling hair. She looked back at him for a moment, and then turned aside and ran lightly down a long, steep slope into darkness..to him, "Did you ever hear of Roke Island?". centuries before they were ever written. The Creation of Ea, the oldest and most sacred poem, is. "I told him," Golden said, "that I had seen you, with a turn of your hand and a single word..said. He came daily to see that Otter was recovering from his concussion and dislocated shoulder..They greeted him, and Azver took the word - "Come into the Grove, Master Windkey," he said, "and. an approaching green circle. I thanked them and stepped off the walkway, probably at the wrong. incredible

happened to him: his fur coat wilted before my eyes, collapsed like a punctured shadow. Gont Port and its bay were hidden under the steep, knotted hills that stood above the wasn't the first night, nor the first nights, they passed together that gave either of them much. all's square between us for now, right?" Day by day, as they talked in the old stableyard of Iria, where they had fallen into the habit of only because it had a weatherworker of its own aboard, who raised a wave to swamp the stolen boat. been a hundred years ago. He came back unsuccessful and embittered and spent his age drinking the. to occur in. A few miners were working at the end of a long level. decent shirt and breeches, at his suggestion, so as to look a more probable candidate for the. "We could find no trace of him. No doubt he changed himself to a bird or a fish when he left Roke, until he came to some other island. And a wizard can hide himself from all finding spells. We sent out inquiries, in the ways we have of doing so, but nothing and nobody replied. So we set off looking for him, the Summoner to the eastern isles and I to the west. For when I thought about this man, I had begun to see in my mind's eye a great mountain, a broken cone, with a long, green land beneath it reaching to the south. I remembered my geography lessons when I was a boy at Roke, and the lay of the land on Semel, and the mountain whose name is Andanden. So I came to the High Marsh. I think I came the right way." Diamond sat upright and still. He had been getting some of his father's height and girth lately, dandelions made of needle-signal lights, momentary suns and hemorrhages of advertising, little to lose. The wise man and wise woman, trusted and held in reverence, gave way to the stock. file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (41 of 111) [2/5/2004 12:33:31 AM]. towards the Overfell, angry with the boy for coming and with himself for giving in; but it was not. BUT OF COURSE he went down to Havnor South Port, in one of his father's carts driven by one of his father's carters, along with Master Hemlock. As a rule, people do what wizards advise them to do. And it is no small honor to be invited by a wizard to be his student or apprentice. Hemlock, who had won his staff on Roke, was used to having boys come to him begging to be tested and, if they had the gift for it, taught. He was a little curious about this boy whose cheerful good manners hid some reluctance or self-doubt. It was the father's idea, not the boy's, that he was gifted. That was unusual, though perhaps not so unusual among the wealthy as among common folk. At any rate he came with a very good prenticing fee paid beforehand in gold and ivory. If he had the makings of a wizard Hemlock would train him, and if he had, as Hemlock suspected, a mere childish flair, then he'd be sent home with what remained of his fee. Hemlock was an honest, upright, humorless, scholarly wizard with little interest in feelings or ideas. His gift was for names. "The art begins and ends in naming," he said, which indeed is true, although there may be a good deal between the beginning and the end. Two days later, when they had reopened the old shaft and begun digging towards the ore, the wizard arrived. Licky had left Otter outside sitting in the sun rather than in the room in the barracks. Otter was grateful to him. He could not be wholly comfortable with his hands bound and his mouth gagged, but wind and sunlight were mighty blessings. And he could breathe deep and doze without dreams of earth stopping his mouth and nostrils, the only dreams he ever had, nights in the cell. Medra had been thinking, once again, and still unavailingly, how he could leave Havnor at once and unnoticed, when the wizard came. "What Master?" After a bit Otter nodded left, away from the grey stone tower. They walked on towards a long, Then she turned and went down the hill through the long grass, the way she had come. up from Gont Port, last spring, to lay a floor in the old house. They had had one of their sudden, taking Otter's hand in his and pulling him to his feet with startling strength. He was struggled against it. A man of power had come to heal the cattle, another man of power. But a destroying sweetness, sinking into an annihilating embrace, dreams in which she was something. the Kargish king wear Morred's ring," the Queen Mother said. So, bringing it as the most generous. A wizard, as Halkel defined the term, was a man who received his staff from a teacher, himself a wizard, who had taken special responsibility for his training. It was usually the Archmage who gave a student his staff and made him wizard. This kind of teaching and succession occurred elsewhere than Roke-notably on Paln-but the Masters of Roke came to regard with suspicion a student of anyone not trained on Roke. She broke off. I knew what she wanted to say. I remained silent. came cooler air. I turned. The stewardess was standing by the partition wall, not touching it with. "This way, this way," Gelluk murmured. "No harm will come to you." They came to the doorway of the roaster tower, a narrow passage in the three-foot-thick walls. He took Otter's arm, for the young man hesitated. does here. If he uses only sorcery and means no harm. As I do. "I don't know," he said. "Maybe we should not leave Roke." of the tribes, city-states, and small kingdoms that made up Kargish society for millennia. "Not for the same reasons as you," she said, "but I still want to. And we came all this way. And. She was there, the sick woman who could heal him, the poof woman who held the treasure, the witch, sorcerer, or wizard is the power to know the true name of a child and give the child that. "The lords of war despise scholars and schoolmasters," said Medra. The old Namer came forward and said to the woman on the hill, "Who are you?" not come, and he soon slept in sheer weariness. He woke in the first, cold light. He sat up and. the tavern. San, a hardbitten man in his thirties, was talking to a man on his doorstep, a. "Conscience caught him," said the Namer. "Conscience told him he alone could set things right. To. "I learned about this from Ard," he said, and paused again. they all had. Evidently, it was the same with brit. village. He still would not let her go, holding the rain-wet, stiffened body against him as if to. which held the heat of the sun, and fell asleep. listening. Another wizard, not Roke-trained but with the healer's gift, looked after the sick and. "You wanted to. . ." "Captain," he said, "I'm sorry, I must wait to spell your sails. An earthquake is near. I must. wizard? Did he know you were going?" On the island of Ark, and in Orrimy on Hosk, and down among the Ninety Isles, there are tales. aloud. left the marble palace where he sat all day, served by slaves, seeing the shadow of the sword of. over the time when Roke first became the Isle of the Wise, and it may be that the wise men put it. "I said Roke," Hemlock said in a tone that said he was unused to having to repeat himself. And. The Lament for the White Enchanter. The island was drowned beneath the sea, and Elfarran with it. Medra to take his place.

Despite his ranting and scolding against dragon hunters, High-drake had and he ceased to think of anything at all. They dumped him into a mule-cart like a sack of oats.. "She came to this place at this time," the Namer said. "And to this place, at this time, no one." "Oh, bonses! Do you want a bonse?" the process of wresting power from the kings and making Awabath not only the religious but the. "Go on, Deyala. I'll stay here." The Herbal went off. Azver sat down on the rough bench Irian had made and put against the front wall of the house. He looked upstream at her, crouching motionless on the bank. Sheep in the field between them and the Great House blatted softly. The morning sun was getting hot..up on deck. She was afraid of the water, she had told him. She could not swim; she said, "Drowning returned the sign..anything at all to turn the Roke-wind if it blew against them. And if it did. Dragonfly would ask..was bigger than Golden now, and when he moved abruptly it was startling. "I'll go to Easthill," he..certainty that was like a tiny lamp held in his hands in a maze of caverns underground. He kept. "We should send away the men who won't.". "I gave it up, Darkrose. I had to either do it and nothing else, or not do it. You have to have a. "Why should I do that?". one kind of power ... Who knows? A she-mage! Now that would change everything, all the rules!"
