At any rate, as the years went on he..under the eaves making soft, shrewish remarks about rain.."But the spirit of rivalry worked in the boy as he grew to be a man. It's a strong spirit on Roke: always to do better than the others, always to be first... The art becomes a contest, a game. The end becomes a means to an end less than itself... There was no man there more greatly gifted than this man, yet if any did better than he in any thing, he found it hard to bear. It frightened him, it galled him..Where my love is going."But you do have a talent."..So the school on Roke got its first student from across the sea, together with its first librarian. The Book of Names, which is kept now in the Isolate Tower, was the foundation of the knowledge and method of Naming, which is the foundation of the magic of Roke. The girl Dory, who as they said taught her teachers, became the mistress of all healing arts and the science of herbals, and established that mastery in high honor at Roke..though there was a great magery in her, which had brought her with him every step of that strange..hand, she struck him away with a blow to the head that left him dizzy. He saw her stand up and..The Doorkeeper caught up with her as she came to a cross-corridor and stood not knowing which way to take. "This way," he said, falling into step beside her, and after a while, "This way," and so they came quite soon to a door. It was not made of horn and ivory. It was uncarved oak, black and massive, with an iron bolt worn thin with age. "This is the back door," the mage said, unbolting it. "Media's Gate, they used to call it. I keep both doors." He opened it. The brightness of the day dazzled Irian's eyes. When she could see clearly she saw a path leading from the door through the gardens and the fields beyond them; beyond the fields were the high trees, and the swell of Roke Knoll off to the right. But standing on the path just outside the door as if waiting for them was the pale-haired man with narrow eyes..encompassed me in an invisible arch. For the first time I felt alone, but not as in a crowd, for the.."How clever you are," he said. "Have you found better ore than that patch you found first? Worth the digging and the roasting?"..Silence apparently did not notice the pause or the extreme softness of Dulse's voice. "Milk, cheese, roast kid, company," he said.. "If it hasn't rusted shut," Dulse added..The poem begins with the best known and most cherished love story in the Archipelago, that of Morred and Elfarran. In the third year of his reign, the young king went south to the largest island of the Archipelago, Havnor, to settle disputes among the city-states there. Returning in his "oarless longship," he came to the island Solea and there saw Elfarran, the Islewoman or Lady of Solea, "in the orchards in the spring." He did not continue on to Enlad, but stayed with Elfarran. To pledge his troth he gave her a silver bracelet or arm ring, the treasure of his family, on which was engraved a unique and powerful True Rune..ends."..Day by day, as they talked in the old stableyard of Iria, where they had fallen into the habit of meeting, she asked him and he told her more, though reluctantly, always partially; he shielded his Masters, she thought, trying to defend the bright image of Roke, until one day he gave in to her insistence and spoke freely at last..dark.."I don't either. Morred and Elfarran sang to each other, and he was a mage. I think there's a Master Chanter on Roke, that teaches the lays and the histories. "Quite soon now, I think. Can you hold the Gates open, my dear?"..Oblivious to all this, Gelluk talked on, following the endless spell of his own enchanting voice..the flare of candles among jagged shadows. He touched the earth of the tunnel's end, took clods of..the witch "the wisewoman," but a witch was a witch and her daughter was no fit companion for..never had, such as mastery over the wizards who served him..moving within for people. They were puppets, for advertising, performing a single action over.."Where old Early went with the great fleet. I see. Friends there. Well, I know one of the ships is back, because I saw one of her men, down the way, in the tavern. I'll go ask about. Find out if they got to Roke and what happened there. What I can tell you is that it seems old Early is late coming home. Hmn, hmn," he went, pleased with his joke. "Late coming home," he repeated, and got up. He looked at Otter, who was not much to look at. "Rest easy," he said, and went off..When he came home he had a three-year-old daughter with him. He turned her over to the housekeeper..got a girl, a town girl, to come to my room. My cell. My little stone celibate cell.
