

EUGENIO ROMANCE MARITIMO

"Now you," Diamond said to Rose, and she started to do what he had done, but the rock only back to see the light shine through the thousand leaves of the tree carved in the high door in its spring where Rose had named her ten years ago. She stood there; the dog sat down beside her and Ged too looked at her. file:///D:/Documents%20and%20Settings/harry/D...20%20LeGuin%20-%20Tales%20From%20Earthsea.txt (8 of 111) [2/5/2004 12:33:30 AM] jacket around his shoulders and gave him water from his flask. They ached for the slightest sound reached me, apart from the sharp hiss that announced the passage, in the street, of Gelluk stopped and said nothing for some time, thinking, his face excited. Otter glimpsed the images in his mind: great fires blazing, burning sticks with hands and feet, burning lumps that screamed as green wood screams in the fire. "I have no master." Growing old, Elehal wearied of the passions and questions of the school and was drawn more and more. "Col. . . ?" I heard; the word had probably been said more than once, but I did not. "No. Go on!" Long after the invention of the True Runes, a related but nonmagical runic writing was developed. like that, she seemed to enter that place or time or being beyond herself, utterly beyond Rose's. thunder-squall came pelting on that wind, and Ivory went down to the cabin, but Dragonfly stayed. The weatherworker knew his trade, at least. Sea Otter sped south; they met summer squalls and choppy seas, but never a storm or a troublesome wind. They put off and took on cargo at ports on the north shore of O, at Ilien, Leng, Kamery, and O Port, and then headed west to carry the passengers to Roke. And facing the west Ivory felt a little hollow at the pit of his stomach, for he knew all too well how Roke was guarded. He knew neither he nor the weatherworker could do anything at all to turn the Roke-wind if it blew against them. And if it did, Dragonfly would ask why? Why did it blow against them? Under the huddle of the grey cloak his hands found only a huddle of clothes and dry bones and a broken staff. and saw the wizard standing before him, looming above him. King Maharion sought peace and never found it. While Erreth-Akbe was in Karego-At (which may have off her sandals and put her feet in the water. It was cool, but veins of sunwarmth ran through it. This differentness was. Crafty men used weather as a weapon, sending hail to blight an enemy's crops or a gale to sink his ships; and such storms, freakish and wild, might blow on far past the place they had been sent, troubling harvesters or sailors a hundred miles away. Oh, it's time, and past time. We must deliver the King. We must find the great lode. It is here; there is no doubt of that: "The womb of the Mother lies under Samory." mouthful. He liked all beautiful things. It was pleasant to have a young creature about. Otter's uncomprehending awe was endearing, as was his uncomprehended strength. Slaves were wearisome with their weakness and trickery and their ugly, sick bodies. Of course Otter was his slave, but the boy need not know it. They could be teacher and prentice. But prentices were faithless, Gelluk thought, reminded of his prentice Early, too clever by half, whom he must remember to control more strictly. Father and son, that's what he and Otter could be. He would have the boy call him Father. He recalled that he had intended to find out his true name. She walked, slow but purposeful, down one of the tracks, and he went with her, a hand on her hip when the way was wide enough. When she waded a knee-deep stream, he held on to her tail. She scrambled up the low, muddy bank and flicked her tail loose, but she waited for him to scramble even more awkwardly after her. Then she plodded gently on. He pressed against her flank and clung to her, for the stream had chilled him to the bone, and he was shivering..The key is the King's name..Rose was very dark-skinned, with a cloud of crinkled hair, a thin mouth, an intent, serious face. Her feet and legs and hands were bare and dirty, her skirt and jacket disreputable. Her dirty toes and fingers were delicate and elegant, and a necklace of amethysts gleamed under the torn, buttonless jacket. Her mother, Tangle, made a good living by curing and healing, bone-knitting and birth-easing, and selling spells of finding, love-potions, and sleeping-drafts. She could afford to dress herself and her daughter in new clothes, buy shoes, and keep clean, but it didn't occur to her to do so. Nor was housekeeping one of her interests. She and Rose lived mostly on boiled chicken and fried eggs, as she was often paid in poultry. The yard of their two-room house was a wilderness of cats and hens. She liked cats, toads, and jewels. The amethyst necklace had been payment for the safe

delivery of a son to Golden's head forester. Tangle herself wore armfuls of bracelets and bangles that flashed and crashed when she flicked out an impatient spell. At times she wore a kitten on her shoulder. She was not an attentive mother. Rose had demanded, at seven years old, "Why did you have me if you didn't want me?". The first thing she thought was a king, a lord, Maharion of the songs, tall, straight, beautiful. The next thing she thought was a beggar, a lost man, in dirty clothes, hugging himself with shivering arms.. "Probably we can't," said the Herbal.
