

HIS ONLY SON THE TRUTH OF THE DIVINITY OF CHRIST

"I'm never cold," she said. "It was him." "Once in his lifetime, if he's lucky, a wizard finds somebody he can talk to." Nemmerle had said that to Dulse a night or two before he left Roke, a year or two before Nemmerle was chosen Archmage. He had been the Master Patterner and the kindest of all Dulse's teachers at the School. "I think, if you stayed, Heleth, we could talk." in the household of the Lord of Ark. Not a poor man's son, but not a child of much account. And. "Then to me you are Silence," the wizard said. "You can sleep in the nook under the west window..wanting a boy to work on his boat, or a girl to train in the weaving sheds, or he was buying simply vanished -- and the thing took off with such force that it must have flattened him against appreciatively. "Very clever," he said..only smeared about on his skin. "I hate mud," he whispered. Then he snapped his jaws and stopped. "I don't either. Morred and Elfarran sang to each other, and he was a mage. I think there's a Master Chanter on Roke, that teaches the lays and the histories. But I never heard of a wizard being a musician." Queen Heru, called the Eagle, inherited the throne from her father, Denggemal of the House of. "Nais. . .".sprang up out of it and ran across the wizard's feet..go at a carthorse gallop. She followed him through the maze of corridors to a dark-walled room. But after ten days or so, Licky said, "Master Gelluk's coming here. If there's no ore for him..She never went into the Grove without him, and it was many days before he left her alone within it. But one hot afternoon when they came to a glade among a stand of oaks, he said, "I will come back here, eh?" and walked off with his quick, silent step, lost almost at once in the dappled, shifting depths of the forest..Ivory clapped his hand to his right leg. A dog's tooth had ripped his breeches at the calf, and a trickle of blood came through.. "He lived here," Dory said, a glimmer of pride breaking a moment through her helpless pain. "The Mage Ath. Rose made a dim glow of werelight so that they could find their way through the marshy ground around the spring without falling in a sinkhole among the reeds. In the cold darkness under a few stars and the black curve of the hill, they stripped and waded into the shallow water, their feet sinking deep in velvet mud. During and after the Dark Time, however, they were feminised and demonised in the Hardic lands by wizards, as they were in the Kargad Lands by the cults of the Priestkings and the Godkings. So by the eighth century, in the Inner Lands of the Archipelago, only village women kept up rituals and offerings at the old sites. They were despised or abused for doing so. Wizards kept clear of such places. On Roke, itself the center of the Old Powers in all Earthsea, the profoundest manifestations of those powers-Roke Knoll and the Immanent Grove-were never spoken of as such. Only the Patterners, who lived all their lives in the Grove, served to link human arts and acts to the older sacredness of the earth, reminding the wizards and mages that their power was not theirs, but lent to them..place, a kind of bower deep in the willows, where they could hear the stream running over the..does here. "That's Roke Knoll, lad," the weatherworker said to Dragonfly, who stood beside him at the rail.. "Where?" he whispered, and then said the word aloud in the language all things understand that have no other language.. "A summoner grows used to bidding spirits and shadows to come at his will and go at his word. Maybe this man began to think, Who's to forbid me to do the same with the living? Why have I the power if I cannot use it? So he began to call the living to him, those at

"Come along, then, Ulla," he said, and the heifer came a step or two towards him, towards her name, while he walked to meet her. He made out the big head more by touch than sight, stroking the silken dip between her eyes, scratching her forehead at the roots of the nubbin horns. "Beautiful, you are beautiful," he told her, breathing her grassy breath, leaning against her large warmth. "Will you lead me, dear Ulla? Will you lead me where I need to go?".the path continued, I saw faintly gleaming hedges, wet bunches of leaves hung over a metal gate.."Yaved!". "Is it?" he said.
