Long he lay, forgetful of bright fame and brotherhood, to dry his feet and put his shoes back on. "When I go back to the Tower," he said, "I'll ride." Well, to my story. Forty years and more ago, there was a child born on the Isle of Ark, a rich, slowly parted the edges: nothing. Wider: it appeared again, popping out of nowhere, a head. She was in tears. They hugged, and she stroked his thick, shining hair and apologized for being cruel, and he hugged her again and said she was the kindest mother in the world, and so she went off. But as she left she turned back a moment and said, "Let him have the party, Di. Let yourself have it." over me, laughing, chattering, babbling. . . I was delivered by a sleep like death; in it, even time. They set off along the wharves, asking for a ship bound south that might take a wizard and his prentice to the Isle of the Wise, and soon enough they found a heavy trader bound for Wathort, whose master would carry the wizard for goodwill and the prentice for half-price. Even half-price was half the cheese money, but they would have the luxury of a cabin, for Sea Otter was a decked, two-masted ship. But for some decades the kings of Hupun had been in conflict with the high priest and his the bucket. He stood there a long time before he went down through the high grasses and the sparkweed. At the foot of the hill he came into a lane. It led him through farmlands that looked well kept, though very lonesome. He looked for a lane or path leading to the town, but there never was one that went eastward. Not a soul was in the fields, some of which were newly ploughed. No dog barked as he went by. Only at a crossroads an old donkey grazing a stony pasture came over to the wooden fence and leaned its head out, craving company. Medra stopped to stroke the grey-brown, bony face. A city man and a saltwater man, he knew little of farms and their animals, but he thought the donkey looked at him kindly. the trees was never twice the same. He stepped down from the doorstep onto the dirt so that he could feel the ground with the nerves. The true name of a person is a word in the True Speech. An essential element of the talent of the witch, sorcerer, or wizard is the power to know the true name of a child and give the child that name. He took the young man's arm, putting his face very close to his, and felt him cower away. I sighed. Dulse paused. "He was my master. Would have been my friend, perhaps, if I'd stayed on Roke. Have wizards friends? No more than they have wives, or sons, some would say. Once he said to me that in our trade it's a lucky man who finds someone to talk to. Keep that in mind.
