They were not written even in Ard's lore-books, "Well. . . yes, in a sense, yes. I don't design, I only make. . .". "So," he said, "now he makes you his reason for our meeting. But I will not go to the Great House..Azver went quickly to where Irian lay beside the stream, and the others followed him. She roused up and got to her feet, looking dull and dazed. They were standing around her, a kind of guard, when the group of thirty or more men came past the little house and approached them. They were mostly older students; there were five or six wizard's staffs among the crowd, and the Master Windkey led them. His thin, keen old face looked strained and weary, but he greeted the four mages courteously by their titles..teaching. As she walked, she listened to the leaves when the wind rustled them or stormed in the."- do not wish Thorion to be Archmage. Also the Master Herbal, though he digs and says little." She dumped a kettleful of steaming water into the bath. "He has ivory," she said. "Tell him ivory it has to be. Out there ten days starving in the cold to cure his beasts! San's got nothing but copper, but Alder can pay you in ivory. I'm sorry if I'm meddling in your business. Sir." She flung out the door with two buckets, going to the pump. She would not use the stream water for anything at all, these days. She was wise, and kind. Why had he lived so long among those who were not kind?.Otter had got control of his face and voice. She's tall, and as beautiful as a flowering tree," said the youngest daughter, Rose, who was busy crowding a lifetime of keen observation into the fourteen years that were all she was going to have for it. She broke off, coughing. Her mother shot an anguished, yearning glance at the wizard. Surely he would hear that cough, this time? He smiled at young Rose, and the mother's heart lifted. Surely he wouldn't smile so if Rose's cough was anything serious?.gone on past . . . that possibility . . .".games, so I left. Do you know what I did?" Archipelago, even out into the East Reach. He never went to the same town or island twice without years between, letting his trail grow cold. Even so he began to be spoken of. The Child Taker, they called him, a dreaded sorcerer who carried children to his island in the icy north and there sucked their blood. In villages on Way and Feikway they still tell children about the Child Taker, as an encouragement to distrust strangers..ONE WINTER AFTERNOON on the shore of the Onneva River where it fingers out into the north bight of the Great Bay of Havnor, a man stood up on the muddy sand: a man poorly dressed and poorly shod, a thin brown man with dark eyes and hair so fine and thick it shed the rain. It was raining on the low beaches of the river mouth, the fine, cold, dismal drizzle of that grey winter. His clothes were soaked. He hunched his shoulders, turned about, and set off towards a wisp of chimney smoke he saw far down the shore. Behind him were the tracks of an otter's four feet coming up from the water and the tracks of a man's two feet going away from it..Doorkeeper..his superiority. The Herbal used all his art, but could not rouse him. "He is dead," he said. "The breath will not leave him, but he is dead." So we mourned him. Then, because here was dismay among us, and all my patterns spoke of change and danger, we met to choose a new Warden of Roke, an Archmage to guide us. And in our council we set the young king in the Summoner's place. To us it seemed right that he should sit among us. Only the Changer spoke against it at first, and then agreed..has clung to it since. "What goes too long unchanged destroys itself. The forest is for ever because it dies and dies and so lives. I will not let this dead hand touch me. Or touch the king who brought us hope. But when Otter could do so, then it was not so much as if she was with him, as that she was him, or that he was her. He saw through her eyes. Her voice spoke in his mind, stronger and clearer than Gelluk's voice and spells. Through her eyes and mind he could see, and think. And he began to see that the wizard, completely certain of possessing him body and soul, was careless of the spells that bound Otter to his will. A bond is a connection. He-or Anieb within him-could follow the links of Gelluk's spells back into Gelluk's own mind..You must make your choice alone, as a man. Do you understand that?"
