My teacher was with me, and his teacher with him," Ogion said when they praised him. "I could hold the Gate open because he held the Mountain still." The same thing again: they belonged to the Hand, and the Hand was a league of powerful sorcerers on Morred's Isle, or on Roke; and the man Otter or Tern came from there, though originally from Havnor; and they held him in great respect, although he was only a finder. The sister had vanished, perhaps gone with Otter to Endlane, where the mother lived. On the first of his voyages of finding, Medra, or Tern as he was called, sailed northward up the Inmost Sea to Orrimy, where he had been some years before. There were people of the Hand there whom he trusted. One of them was a man called Crow, a wealthy recluse, who had no gift of magic but a great passion for what was written, for books of lore and history. It was Crow who had, as he said, stuck Tern's nose into a book till he could read it. "Illiterate wizards are the curse of Earthsea!" he cried. "Ignorant power is a bane!" Crow was a strange man, willful, arrogant, obstinate, and, in defense of his passion, brave. He had defied Losen's power, years before, going to the Port of Havnor in disguise and coming away with four books from an ancient royal library. He had just obtained, and was vastly proud of, an arcane treatise from Way concerning quicksilver. "Got that from under Losen's nose too," he said to Tern. "Come have a look at it! It belonged to a famous wizard." Diamond sat in his own sunny room upstairs, on his comfortable bed, hearing his mother singing as she went about the house. He held the wizard's letter and reread the message and the two runes many times. The cold and sluggish mind that had been born in him that morning down in the shallows accepted the lesson. No magic. Never again. He had never given his heart to it. It had been a game to him, a game to play with Darkrose. Even the names of the True Speech that he had learned in the wizard's house, though he knew the beauty and the power that lay in them, he could let go, let slip, forget. That was not his language.. "Later? It varies. To some. . . you always give brit." . . . prentice to the Isle of the Wise, and soon enough they found a heavy trader bound for Wathort., She looked round, and he looked up. The donkey leaned its head hard against his hand so that he would go on scratching the place just above its eyes and below its ears. When he did so, it flicked its long right ear. So when he parted from the donkey he took the right hand of the crossroad, though it looked as if it would lead back to the hill; and soon enough he came among houses, and then onto a street that brought him down at last into the town at the head of the bay.. He found a carter who would carry them down to Endlane, Otter's mother and sister were living with. "Let me in, mother," he whispered in the tongue that was as old as the hill. The ground shivered a.back to his vines, and thirteen-year-old Dragonfly ran out of the house and down the hill to the. A pause. "This," Diamond said. His voice was level. Yes," Irioth said. "I understand. You are a kind woman." She was talking about him, about his not knowing what he was doing. She was forgiving him. "A kind sister," he said. To leave so, without a word, on his nameday night, to go off with the witch-girl, leaving all the honest work undone, to be a vagrant musician, a harper twanging and singing and grinning for pennies -- there was nothing but shame and pain and anger in it for Golden. So he had his tragedy.."If somebody could talk to her people there, they'd get word to her.
