Nolan thought of the hatred in Nina's eyes, and he shuddered. "Then what did she do with him?" "What does that include?" "With your red hair?" asked the grey man. "Sure, when I was really young." I repeat by long-remembered rote: "Rock breaks scissors, scissors." "It will be the greatest happiness of myself and of my nearest and dearest friend." The error is that all proofs must be of the "hard" kind, i.e., cut-and-dried and susceptible of presentation in syllogistic form. An acquaintance with the modern philosophy of science would disabuse people of this notion; even a surprising amount of scientific proof is not of this kind.
