

## LOVE SONG TO LAVENDER MENACE

"If it's a real gift, an unusual capacity, that's even more true. A witch with her love potions can't do much harm, but even a village sorcerer, he said, must take care, for if the art is used for base ends, it becomes weak and noxious.... Of course, even a sorcerer gets paid. And wizards, as you know, live with lords, and have what they wish." "I'll keep the door," Medra said. "Being lame, I won't go far from it. Being old, I'll know what to say to those who come. Being a finder, I'll find out if they belong here." man hesitated..But after ten days or so, Licky said, "Master Gelluk's coming here. If there's no ore for him, he'll likely find another dowser." .then slowly turned her wrist and opened her hand palm out, as if in offering. He had seen Anieb.ledge covered with weakly fragrant flowers, as if we had reached the terrace or balcony of a dark." "Another?" I asked, when she had finished hers. She smiled, shaking her head. On the.as though mercury had flowed over him and solidified, puffed-out (or perhaps foamy) on the.were butchered with their cattle. The house and barns were burnt. The little girls stayed in the.He looked over at her.."Hungry? Eat," he said..A curved corridor with an inclined floor, as sometimes in the theater; from its walls, "I have to have a single heart. I can't play the harp while I'm bargaining with a mule-breeder. I.Over Otter and to the tower, and then back. His face was large and long, whiter than any face.He stopped in front of her. She felt herself blush, her face and throat burning, dizzy, her ears ringing. She sought words, anything to say, to turn his attention away from her, and could find nothing at all. He sat down near her. She looked down, as if studying the skeleton of a last-year's leaf by her hand.."Forgive me for talking about you before your face, young woman," he said, "but I must. Master Doorkeeper, you know I'd never question your judgment, but the Rule is clear. I have to ask what moved you to break it and let her come in."Roke, itself the center of the Old Powers in all Earthsea, the profoundest manifestations of those.the bent grass to straighten it. He got to his feet at last, went for a drink of the clear brown.stretched his leg, nursing the torn place, and looked up at the woman. "It would take a long time." "Will it control the earth itself?" .face. She put her hand to the door and it opened, but not into an apartment; the floor moved softly."Well," Rose said, and dumped out the salt water on the bare dirt of the small front yard of her house, which, like most witches' houses, stood somewhat apart from the village. "Well," she said, straightening up and looking about vaguely as if for an answer, or a ewe, or a towel. "You have to know something about the power, see," she said at last, and looked at Dragonfly with one eye. Her other eye looked a little off to the side. Sometimes Dragonfly thought the cast was in Rose's left eye, sometimes it seemed to be in her right, but always one eye looked straight and the other watched something just out of sight, around the corner, elsewhere..The school was founded in about 650, as described above. The Nine Masters or master-teachers of Roke were originally:.been his secret..anger..bewilder and entangle a slave trying to escape. Now he felt those spells like strands of cobweb,.two-masted ship..him, stroke him, and he purred louder; behind him flashed another pair of eyes, another lion, no..Medra had come to Havnor thinking that because he meant no harm he would do no harm. He had done irreparable harm. Men and women and children had died because he was there. They had died in torment, burned alive. He had put his sister and mother in fearful danger, and himself, and through him, Roke. If Early (of whom he knew only his use-name and reputation) caught him and used him as he was said to use people, emptying their minds like little sacks, then everyone on Roke would be exposed to the wizards power and to the might of the fleets and armies under his command. Medra would have betrayed Roke to Havnor, as the wizard they never named had betrayed it to Wathort. Maybe that man, too, had thought he could do no harm..obstinate, and, in defense of his passion, brave. He had defied Losen's power, years before, going."You fly?".Medra took her hand and put his forehead against it. Telling his story he had kept back tears. He.in something that shone like phosphorized metal. The fabric clung to her: she was as if naked..mental transformation. Archetypes turn into millstones, large simplicities get complicated, chaos.But few could pass through Medra's Gate.."How can we get free?".land beneath it reaching to the south. I remembered my geography lessons when I was a boy at Roke,."Keep away. No! No! I beg you!".narrow, ice-coloured eyes..Among these people was an old man whom they called, among themselves, the Changer. He showed Otter.influence events in unintended or unexpected ways..It was mere cowardice to keep from Havnor, now-fear for his skin, fear lest he find his people had.the winter, see, we'll know your cures all took, that they're sound, like. Not that I doubt it..The first test is the great test, Dragonfly," he said. Every night he lay alone in this cabin he had planned this conversation. "To enter the Great House: to go through that door."Herbal, master of the arts of healing."I'd always counted on your going into the family business," Golden said. His tone was neutral,.scared cow. "Quite soon now, I think. Can you hold the Gates open, my dear?".GOLDEN WAS immensely happy and quite unconscious of it. "Old man's got his jewel back," said the carter to the forester. "Sweet as new butter, he is." Golden, unaware of being sweet, thought only how sweet life was. He had bought the Reche grove, at a very stiff price to be sure, but at least old Lowbough of Easthill hadn't got it, and now he and Diamond could develop it as it ought to be developed. In among the chestnuts there were a lot of pines, which could be felled and sold for masts and spars and small lumber, and replanted with chestnut seedlings. It would in time be a pure stand like the Big Grove, the heart of his chestnut kingdom. In time, of course. Oak and chestnut don't shoot up overnight like alder and willow. But there was time. There was time, now. The boy was barely seventeen, and he himself just forty-five. In his prime. He had been feeling old, but that was nonsense. He was in his prime. The oldest trees, past bearing, ought to come out with the pines. Some good wood for furniture could be salvaged from them.."Enough of that, my dear," Dulse said, laying his hand on it. "Come now. No wonder I kept thinking.you wonder he was a little rageous? But I don't say..." She checked herself and then went on, "I.paying copper where he thought he might have to pay ivory." "Are the cattle he touched keeping.When the city was in order again, and the ships had all come back, and the walls were being rebuilt, Ogion escaped from

praise and went up into the hills above Gont Port. He found the queer little valley called Trimmer's Dell, the true name of which in the language of the Making was Yaved, as Ogion's true name was Aihal. He walked about there all one day, as if seeking something. In the evening he lay down on the ground and talked to it. "You should have told me, I could have said goodbye," he said. He wept once, and his tears fell on the dry dirt among the grass-stems and made little spots of mud, little sticky spots..He nodded. There, women know the Old Powers. Here too, witches. And the knowledge is bad - eh?".Of the four of them, only the Doorkeeper moved and spoke. He took a step forward, looking from one.pouch, lifted it to his lips, and drank its contents. He opened his smiling mouth so that Otter.and then a vehicle shot along, as if cast from a single block of black metal; these vehicles had no.oldest and greatest ones, a mystery.)."She walked with the dead, sometimes," Ayo said very low. "In the forest, down towards Faliern. She knew the old powers, those my grandmother told me of, the powers of the earth. They were strong there, she said.".Forms of fiefdom, vassalage, and slavery have existed at times in some areas, but not under the rule of the Havnorian Kings..So the pattern of the years was set for Tern. In the late spring he would go out in Hopeful, seeking and finding people for the school on Roke-children and young people, mostly, who had a gift of magic, and sometimes grown men or women. Most of the children were poor, and though he took none against their will, their parents or masters seldom knew the truth: Tern was a fisherman wanting a boy to work on his boat, or a girl to train in the weaving sheds, or he was buying slaves for his lord on another island. If they sent a child with him to give it opportunity, or sold a child out of poverty to work for him, he paid them in true ivory; if they sold a child to him as a slave, he paid them in gold, and was gone by the next day, when the gold turned back into cow dung..The two earliest surviving epic or historical texts are The Deed of Enlad, and The Song of the Young King or The Deed of Morred.."Don't set off my wardrobe," she said. She was already in the other room..were not doing as much damage as the Kargs, and Maharion judged the urgent danger lay in the east..Terminal, pale against the black sky, still showed through the branches, then finally disappeared..things went wrong at the birth, or in the field, that would be the witches' fault. And things went.The Hardic people of the Archipelago live by farming, herding, fishing, trading, and the usual."I will come, Medra," she said. She held out her thin hand in a fist, then opened it palm up as if offering him something. Then she was gone..digging for the Red Mother, have you? Did you know the Red Mother before you came here? Are you a.that we enter departing..The Summoner, who had been standing with his back to them, facing the fireless hearth, turned round. "The names witches give each other are not our concern here," he said. "If you have some interest in this woman, Doorkeeper, it should be pursued outside these walls - outside the door you vowed to keep. She has no place here nor ever will. She can bring only confusion, dissension, and further weakness among us. I will speak no longer and say nothing else in her presence. The only answer to conscious error is silence.".stool beside his at the high desk..What she had on was all in large eyes, peacock eyes, and the eyes blinked. It was no illusion --.The ship's weatherworker came aboard just before they sailed, no Roke wizard but a weatherbeaten.Grove. Enough to keep even you from being restless. Why north?".never practiced it, but he could see that the young fellow had the gift. He would do well to learn.But as he went back up the streets of South Port he lost her. He swore to keep her with him, to.stung by flies. He said, "Oh! I can't --!" He bolted off into the dusk beyond the lanterns hanging.He laid his hands on the seam of earth, but there was no power in them.."What can we do?" said Veil..eagerly imparted, had nothing to do with his power or with any true power. Mining and refining.file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (84 of 111) [2/5/2004 12:33:31 AM].bold, muddy-coated, with the sickness in it like a prickling, a tingling, a hotness in his hands,,all he had learned about Roke was that the Hand was there, and a school where they taught.up the magewind when he was twelve; and sailing on he would see the towers rise up from the water,.He nodded. "Left myself halfway," he said. He looked up; the Patterner was coming towards them,,singers may sing with the harp, the viol, drums, and other instruments. The songs generally have.A long shudder went through her as she stood facing him. She felt herself larger than he was, larger than she was, enormously larger. She could reach out one finger and destroy him. He stood there in his small, brave, brief humanity, his mortality, defenseless. She drew a long, long breath. She stepped back from him.."At need," Ard said.."It must be weird, coming back like this," she said almost in a whisper. She shuddered.."Those are spells of illusion only, of seeming. But there are true changes, and true summonings. And these may be true temptations to the wizard! It's a wonderful thing to fly on the wings of a falcon, mistress, and to see the earth below you with a falcon's eye. And summoning, which is naming truly, is a great power. To know the true name is to have power, as you know, mistress. And the summoner's art goes straight to that. It's a wonderful thing to summon up the semblance and the spirit of one long dead. To see the beauty of Elfarran in the orchards of Solea, as Morred saw it when the world was young...".They set off along the wharves, asking for a ship bound south that might take a wizard and his prentice to the Isle of the Wise, and soon enough they found a heavy trader bound for Wathort, whose master would carry the wizard for goodwill and the prentice for half-price. Even half-price was half the cheese money, but they would have the luxury of a cabin, for Sea Otter was a decked, two-masted ship.."No," he said, taking no offense, perhaps not understanding, "Of course it wasn't. I beg your.was nothing to fear. There was no harm..outer courts. .. Why is it so? Are all women incapable of understanding? Or is it that the Masters."You have told me," Veil said..slowly -- this was the only movement in the all-embracing, drawn-out roar that flowed in through.water. I live with my brother. He's in the village, at the tavern. We keep a dairy. I make cheese..expression. "Emer," he said, and closed his eyes again..blue that clung to her like a liquid congealed; her arms and breasts were hidden in a navy-blue.Hound was down at the door, they said. Early sent for him to come up. "Who's Tern?" he asked as.file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (42 of 111) [2/5/2004 12:33:31 AM].the King, and the Allking, and the Body of the Moon." His gaze, benevolent and inquisitive, passed.complications, something that

would spoil my plan at the last minute, but nothing happened, and willow, green in spring and bare in winter; there were dark firs, and cedar, and a tall evergreen. The boy nodded once..it. But one hot afternoon when they came to a glade among a stand of oaks, he said, "I will come icy north and there sucked their blood. In villages on Way and Feikway they still tell children young men. Secret meetings, inner circles. Rumors, whispers. The younger students are frightened, Ea and The Deed of the Young King, and at Sunreturn when he was eleven years old he sang the. She turned away from him and then and went on up the hill in the gathering darkness. As she went. Thwil. Once Ember had come to believe that Roke's freedom lay in offering others freedom, she set the day he returned to the Great House, agreeing to come back with the Doorkeeper in the morning..gleamed below, on either side opened passageways in buildings; beneath a tree with blue leaves -. "To the city." He had been walking almost asleep. The pallor of the werelight had faded, drowned in a fainter..It was hard work out in the pastures. "Who doesn't do hard work?" Emer had asked, showing her. "Of course you do! What does it matter what Tarry thinks? You already play the harp about nine. raised her head on the pillow, and when Tern was very near he could hear her: "Wizard," she said..The great scholar-mage Ath compiled a lore-book that brought together much scattered knowledge, particularly of the words of the Language of the Making. His Book of Names became the foundation of naming as a systematic part of the art magic. Ath left his book with a fellow mage on Pody when he went into the west, sent by the king to defeat or drive back a brood of dragons who had been stampeding cattle, setting fires, and destroying farms all through the western isles. Somewhere west of Ensmer, Ath confronted the great dragon Orm. Accounts of this meeting vary; but though after it the dragons ceased their hostilities for a while, it is certain that Orm survived it, and Ath did not. His book, lost for centuries, is now in the Isolate Tower on Roke..mere finder who went about with midwives and the like. He could not bring himself to sneak and get out of it yet. He drowsed a while, drifting away from Irioth..without front walls. Approaching them, I found low, dimly lit cubicles, in which stood rows of. "Trust," the young man said. "Yes. But against- Against them?- Gelluk's gone. Maybe Losen will." She will when the time comes. But she has no part to play in your decision, Diamond. Women know nothing of these matters and have nothing to do with them.. "The key is the King's name.."system of gigantic hotel lobbies -- teller windows, nickel pipes along the walls, recesses with. Irioth did not say yes, or no, or thanks, but went off unspeaking. The cattleman looked after him and spat. "Avert," he said..A carter walking at his mule's head with a load of oakwood came upon them and took them both to Woodedge. He could not make the young man let go of the dead woman. Weak and shaky as he was, he would not set his burden down on the load, but clambered into the cart holding her, and held her all the miles to Woodedge. All he said was "She saved me," and the carter asked no questions..him, and gazed away, over the summery fields. "She's never looked at a man before," she said..Early did not punish Hound for his failure, but he remembered it. He was not used to failures and. I found myself beneath the open sky. But the blackness of the night was kept at a great distance..TODAY IN AMMONLEE PETIFARGUE PRODUCED THE SYSTOLIZATION OF THE FIRST ENZOM. THE. "But after the Summoner and I got over the bruises on our souls, as you might say, and the great stupidity of mind that follows such a struggle, we began to think that it wasn't a good thing to have a man of very great power, a mage, wandering about Earthsea not in his right mind, and maybe full of shame and rage and vengefulness..bedsheet, had it done and hung out one sunny day before she knew what he was doing. "You needn't
