Due to the recent systems overload error, your test results of August 24 have been erased.. John Varley's first story for F&Sf was "Picnic on Nearside" in 1974. Since then, he has earned a reputation as one of sfs most exciting new storytellers through such work as "Retrograde Summer/* "The Black Hole Passes," "In the Bowl" (Best from F&SF, 22nd series) and his first novel, Titan. Critical judgments are so complex (and take place in such a complicated context), the vocabulary of praise and blame available in English is so vague, so fluid, and so constantly shifting, and the physical space allowed is so small that critics welcome any way of expressing judgments that will be both precise and compact. If vivid be added thereunto, fine? what else is good style? Hence critics, whenever possible, express their judgments in figurative language. Wit is a form of condensation (see Freud if you think this is my arbitrary fiat) just as parody is a form of criticism (see Dwight McDonald's Modern Library collection thereof).. begun to gather on his forehead. It neither faltered nor slowed. Any moment now, it seemed, it would pass through the invisible Gateway and disappear. It was high enough: it had to. But it didn't. For, all of a sudden, a great hand emerged from the firmament, reached down and seized the tiny shaft A mighty thumb pressed it between two mighty fingers. There was a distant snap!, barely audible above the wind. Then the hand withdrew, and the broken arrow fell back to earth and landed at the King's feet. Thus, the facts alone make it clear that the King has no such intent His real purpose in building the Project is to provide a haven. A haven to which the people can flee should a second phenomenal ram-fall again cause the Twin Rivers to overflow their banks to such an extent that the entire Plain becomes inundated. Living on that Plain, the members of Local 209 stand to benefit from the Project as much as the rest of the people. For them to have, in

effect, sabotaged such a noble undertaking is, frankly, beyond my comprehension, unless their motive for doing so can be partially attributed to their unwitting acceptance of the popular interpretation of the Project's purpose..A faint orange glow outlined the top of a craggy boulder, and they hurried toward it over the crumbly ledge. When they climbed the rock, they saw that the light came from behind another wall of stone further away, and they scrambled toward it, pebbles and bits of ice rolling under their hands. Behind the wall they saw that the light was even stronger above another ridge, and they did their best to climb it without falling who-knows-how-many hundreds of feet to the foot of the mountain. At last they pulled themselves onto the ledge and leaned against the side, panting. Far ahead of them, orange flames flickered brightly and there was light on each face. For all the cold wind their faces were still shiny with the sweat of the effort..below, Dr. Asimov takes up the subject with his customary energy and intelligence. This time, there's going to be a Mediator present?one that the King himself appointed. Maybe now we'll get somewhere. I hope so. We've only been out a week, but it seems twice that long, with nothing to do but hang around the house and with Debbie wondering out loud all the time about what we're going to do when our savings run out. To tell the truth, I'm kind of worried myself. Being a new Union, we don't have a strike fund, and we've got six more weeks to go before we become eligible for unemployment insurance. Neither the woman nor her apartment corresponded with his preconceptions of poets and the necessarily indigent life they must lead. "Have you ever published a book?" he asked craftily..The Intermediaries shrink before him, fluttering their pallid appendages in obvious dismay, and bleat in unison, "No, no, what you request is impossible. The decision of the Sreen is final, and, anyway, they're very busy right now, they can't be bothered."..Smith made a disgusted sound.
