Otter a little cinnabar in a bucket, brownish red clots and crumbs. Shadows leapt across the earth. "That's a formality. We senior sorcerers may carry a staff when we're on Roke's business. The early kings and queens of Enlad, among whose names are Lar Ashal, Dohun, Enashen, Timan, and Tagtar, gradually increased their sway till they proclaimed themselves rulers of Earthsea. Their reign extended no farther south than Ilien and did not include Felkway in the east, Paln and Semel in the west, or Osskil in the north, but they did send explorers out all over the Inmost Sea and into the Reaches. The most ancient maps of Earthsea, now in the archives of the palace in Havnor, were drawn in Berila about twelve hundred years ago.. "Our problem is with men," Veil said, "if you'll forgive me, dear brother. Men are of more account to other men than women and children are. Golden did not like the child. She was both outspoken and defensive, both rash and timid. She was a girl, and a year younger than Diamond, and a witch's daughter. He wished his son would play with boys his own age, his own sort, from the respectable families of Glade. Tuly insisted on calling the witch "the wisewoman," but a witch was a witch and her daughter was no fit companion for Diamond. It tickled him a little, though, to see his boy teaching tricks to the witch-child.. completely dark. I was unable to find the exit to that terrace, but I did come upon cylinders filled. For a long time nobody would touch him. He had fallen down in a fit in San's doorway. He lay there now like a dead man. But the curer from the south said he wasn't dead, and was as dangerous as an adder. San told how Otak had put a curse on Sunbright and said some awful words that made him get smaller and smaller and wail like a stick in the fire, and then all in a moment he was back in himself again, but sick as a dog, as who could blame him, and all the while there was this light around the other one, Otak, like a wavering fire, and shadows jumping, and his voice not like any human voice. "This," Diamond said. His voice was level. He looked neither at his father nor his mother..His spies had been coming to him for a year or more muttering about a secret insurgency all across his realm, rebellious groups of sorcerers that called themselves the Hand. Eager to find his enemy, he had one such group investigated. They turned out to be a lot of old women, midwives, carpenters, a ditchdigger, a tinsmith's prentice, a couple of little boys. Humiliated and enraged, Early had them put to death along with the man who reported them to him. It was a public execution, in Losen's name, for the crime of conspiracy against the King. There had perhaps not been enough of that kind of intimidation lately. But it went against his grain. He didn't like to make a public spectacle of fools who had tricked him into fearing them. He would rather have dealt with them in his own way, in his own time. To be nourishing, fear must be immediate; he needed to see people afraid of him, hear their terror, smell it, taste it. But since he ruled in Losen's name, it was Losen who must be feared by the armies and the peoples, and he himself must keep in the background, making do with slaves and prentices..With him were a violist, a tabor-player, and Rose, who played fife. Their first tune was a stampy,..fighting against them, and at last crying out one other word. Then the man Ayeth crouched there..worse. You got it wrong. You're only a witch. You did it wrong. Nais!"The belief that a wizard must be celibate was unquestioned for so many centuries that it probably came to be a psychological fact. Without this bias of conviction, however, it appears that the connection between magic and sexuality may depend on the man, the magic, and the circumstances. There is no doubt that so great a mage as Morred was a husband and father..Naturally..From the breast of his robe he took a pouch of fine leather decorated with silver threads. With a delicate horn spoon tied to the pouch he lifted the few drops of quicksilver from the cup and placed them in it, then retied the thong..Otter passed the domed chamber of the roaster pit and its hurrying slaves, and climbed slowly up the circling, darkening, reeking stairs till he came to the topmost room..bigger than you were," she said. "You have a true gift, Essiri," he said, using the name he had given the boy in the springs of the Amia, a word that in the Old Speech means Willow. "I don't entirely understand it. I think you don't understand it at all. Take care!
