The excited turmoil of his mind all the time he had been with Gelluk slowly quieted. From it something rose, coming close, coming clear, the image he had seen down in the mine, shadowy yet distinct: the slave in the high vault of the tower, that woman with empty breasts and festered eyes, who spat the spittle that ran from her poisoned mouth, and wiped her mouth, and stood waiting to die. She had looked at him.."I tell you, Irian, he cannot come here, he cannot harm you here." .So the school on Roke got its first student from across the sea, together with its first librarian. For more than three centuries, no woman taught or studied at the school on Roke. During those centuries, wizardry was an honored art, conferring status and power, while witchery was an unclean and ignorant superstition, practiced by women, paid for by peasants..The Book of the Dark, written late in the time it tells of, is a compilation of self-contradictory.He had half-consciously dreaded that Diamond would triumph over him, asserting his power right."Our problem is with men," Veil said, "if you'll forgive me, dear brother. I wish I could read what the shadows write. But all I can hear the leaves say is change, change... Everything will change but them." He looked up into the trees again with that yearning look. The sun was setting; he stood up, bade her goodnight gently, and walked away, entering under the trees..submitted to her absolutely. When she said, "Move your foot!" the mare moved her foot.
