I drove, not paying any attention to where I was going, almost as deeply in shock as he was. I finally started looking at the street signs. I was on Mullholland. I kept going west for a long time, crossed the San Diego Freeway, into the Santa Monica Mountains. The pavement ends a couple of miles past the freeway, and there's ten or fifteen miles of dirt road before the pavement picks up again nearly to Topanga. The road isn't traveled much, there are no houses on it, and people don't like to get their cars dusty. I was about in the middle of the unpaved section when Detweiler seemed to calm down. I pulled over to the side of the road and cut the engine. Therefore nobody in his right mind would be in the Army. But since the Army was full of people whom it had judged to be acceptably sane and normal, it seemed to follow that the Army's ideas of what was normal had to be very strange. Now, to transfer into something like Engineering seemed on the face of it to be a perfectly natural, reasonable, constructive, and desirable thing to want to do. And that seemed enough to guarantee that the Army would find the request unreasonable and him unsuitable..Nothing was trouble which guaranteed me the chance to see her twice a day. She looked longingly at the controls, and Crawford realized that, like Weinstein, she didn't relish giving up the fun of flying to boss a gang of explorers.
