Then Jack filled his lungs and dove headlong into the pool..ABOUT TWO HUNDRED feet below the ridgeline, the Third Platoon of D Company had set up its Tactical Battle Station in a depression surrounded by interconnecting patches of sagebrush and scrub. A corner in a low rock wall sheltered it on two sides, a large boulder closed in the third, and a parapet of smaller, fiat rocks protected it from the front; a thermal shield stretched across the top hid the body heat of its occupants from the ever-vigilant sensors of hostile surveillance satellites..up a fifth? It's earlier than usual, but obviously there's enough body heat to keep the dome buoyed aloft I imagine the Central Arena drifting away like that floating city they want to make out of Venice, California. There is something appealing about the thought of this dome floating away like dandelion fluff. But now the massive air-conditioning units hum on and the fantasy dies.. "He told me about some Japanese department store.".He takes a step toward the door. The Intermediaries move to block his path. With an inarticulate screech, he ploughs through them, swatting them aside with the backs of his hands, kicking them out of his way with his heavy-booted feet. The Intermediaries break easily, and it occurs to me then that they are probably as disposable a commodity among the Sreen as tissue paper is among human beings. One Intermediary is left limping along after the captain. Through the clear pale skin of its back, I see that some vertebrae have been badly dislocated. The thing nevertheless succeeds in overtaking the captain and wrapping its appendages around his calf, bleating all the while, "No, no, you must abide by the edict, even as every other inferior species has, you must abide. . . ." The captain is having trouble disentangling himself, and so I go to him. Together, we tear the Intermediary loose.
