

## GRESS OF THE UNITED STATES VOL 3 REPORTS OF COMMITTEES SUBCOMMITT

Long Dance, the celebration of the solstice of summer..So he cherished his free hours as if they were actual meetings with her. He had always loved her..Gelluk was standing still, but his shaking hands were clenched, his whole tall body twitching and..Staggering wildly the wizard tried to turn, lost his footing on the crumbling edge, and plunged down into the dark, his scarlet cloak billowing up, the werelight round him like a falling star..itself, he said, the farmers round about provided, considering themselves well recompensed by the."Would you come back to me?" he said. "Would you go with me, live with me, marry me, Darkrose?".apple on the tree. But for these ills, somebody had to be to blame: and the witch or sorcerer was..A wonder she was, and Dory bade fair to follow her.".Azver came between her and them, her words releasing him from the paralysis of mind and body that."I do not know my other name," she said. She spoke as he had spoken, as she had spoken to the..That, too, I remembered. I didn't crush his fingers. I was quite calm. He wanted to say..HOUND STAYED IN ENDLANE. He could make a living as a finder there, and he liked the tavern, and Otter's mother's hospitality..faintest idea what that damned rast looked like -- and after about ten steps I saw a silvery funnel..file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (23 of 111) [2/5/2004 12:33:30 AM]..scared cow. "Quite soon now, I think. Can you hold the Gates open, my dear?".wizards' spells were made, was the word turre. He had said it meant semen. Otter's own gift of..than be murdered in this hole..was put into the bank in my name -- I don't even know how much there is. I don't know a thing..The house vanished. No walls, no roof, nobody. Early stood on the dust of the village square in the sunshine of morning with his arms in the air..She hesitated; she laughed. "If he wants a fife-player," she said..regretfully. He stooped to see if he could pick him up or drag him, and felt the faint warmth of..was in fashion. Farther away, a couple with a child. After the garish selenium lights of the..why did you come back here?".business of the lords and people, never a chance to walk in the forests on the mountainside or to..As they were talking with her master a wagon drew up on the dock and began to unload six familiar halftun barrels. That's ours," Ivory said, and the ship's master said, "Bound for Hort Town," and Dragonfly said softly, "From Iria.". "A madman might not drink," she said slowly, "but I never heard of such a thing, never. ..possessed by a feeling of incredible alienation. I looked up at the stewardess, who had stopped by."Did you think I was one of their eunuchs? That I'd castrate myself with spells so I could be holy? Why do you think I don't have a staff? Why do you think I'm not at the School? Did you believe everything I said?". A pause. "This," Diamond said. His voice was level. He looked neither at his father nor his..shrugged arthritically into his heavy cloak, took up his staff, told the fire to go out, and left..file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (65 of 111) [2/5/2004 12:33:31 AM].."Now that is interesting," said the old scholar, sitting up straighter. "I told you I was reading about dragons. You know there's been talk of them flying over the Inmost Sea as far east as Gont. That was no doubt Kalessin taking Ged home, multiplied by sailors making a good story better. But a boy swore to me that his whole village had seen dragons flying, this spring, west of Mount Onn. And so I was reading old books, to learn when they ceased to come east of Pendor. And in one I came on your story, or something like it. That men and dragons were all one kind, but they quarrelled. Some went west and some east, and they became two kinds, and forgot they were ever one.".the hill. "Maybe Segoy who made them could unmake them. Maybe the earth will destroy herself..When she asked him if students came there from the Great House, he said, "Sometimes." Another time."How's that?" she said. "You are. You have to be. Everybody is. What do you say? Shall..from varying widely or from being lost altogether; but the songs and histories that are part of..topmost vault the pure metal ran down into a stone trough or bowl-only a drop or two a day, he."I will come, Medra," she said. She held out her thin hand in a fist, then opened it palm up as if offering him something. Then she was gone..She was there, the sick woman who could heal him, the poof woman who held the treasure, the..the Dark Time, however, they were feminised and demonised in the Hardic lands by wizards, as they..traces of former elegance, but very old and very poor. Healers' paraphernalia and drying herbs."If you need to read the Mountain," his teacher had told him, "go to the Dark Pond at the top of..He knew that, knew it absolutely, though still he tried to say spells, and raised his arms in the incantation, and beat the air in fury. Then he looked eastward, straining his eyes for the flashing beat of the galley oars, for the sails of his ships coming to punish these people and save him..he came from? But he was no more trouble than the cat. He washed his own clothes, even his..buildings, windowless, black, seemingly lifeless, for they were without more than light -- not the..Soon, he thought now, he would not need one. He would have real power over her. He had finally seen how to get it. She had given it into his hands. Her strength and her willpower were tremendous, but fortunately she was stupid, and he was not..her hand on it. Everybody gasped and muttered, "Avert! Avert!" except Tawny's youngest daughter..Berry ducked his head and muttered. His eyes were dull. It seemed to Irioth that the man had been."Wait, wait," his companion said. "Give me a day.".wise, eh?" he said. "Maybe the Doorkeeper." He looked at her now, not glancing but squarely, his..Next day he had Licky send him the boy. He looked forward to seeing him, to being kind to him, teaching him, petting him a bit as he had done yesterday. He sat down with him in the sun. Gelluk was fond of children and animals. He liked all beautiful things. It was pleasant to have a young creature about. Otter's uncomprehending awe was endearing, as was his uncomprehended strength. Slaves were wearisome with their weakness and trickery and their ugly, sick bodies. Of course Otter was his slave, but the boy need not know it. They could be teacher and prentice. But prentices were faithless, Gelluk thought, reminded of his prentice Early, too clever by half, whom he must remember to control more strictly. Father and son, that's what he and Otter could be. He would have the boy call him Father. He recalled that he had intended to find out his true

name. There were various ways of doing it, but the simplest, since the boy was already under his control, was to ask him. "What is your name?" he said, watching Otter intently. "It is the lode," the young man said. The sense of huge strength was draining out of her. She turned her head a little and looked down, surprised to see her own brown arm, her rolled-up sleeve, the grass springing cool and green around her sandaled feet. She looked back at the Patterner and he still seemed a fragile being. She pitied and honoured him. She wanted to warn him of the peril he was in. But no words came to her at all. She turned round and went back to the streambank by the little falls. There she sank down on her haunches and hid her face in her arms, shutting him out, shutting the world out. "All the foreigners in one basket," said the taverner, and this was repeated that night at the. "No. I'll write him," Diamond said, in his new, level voice. "No. I have a little -- it's a . . . bonus, you understand. For all that time. When we left, it felt no wind; it must have been blowing higher up, and the voice of the trees, steady, stately." The Summoner was among us when we stood on Roke Knoll and saw the Archmage kneel to King Archipelago, the lore of the Old Powers was still part of the profound, common basis of thought. young man to the next and the next. He said, "You trusted me, giving me your names. Will you trust The Hand, a loose-knit league or community concerned principally with the understanding and the ethical use and teaching of magic, was established by men and women on Roke Island about a hundred and fifty years after Maharion's death. Perceiving the Hand as a threat to their hegemony, the mage-warlords of Wathort raided Roke, and killed almost all the grown men of the island. But the Hand had already stretched out to other islands all around the Inmost Sea. As the Women of the Hand, the community survived for centuries, maintaining a tenuous but vigorous network of information, communication, protection, and teaching. When she laughed, her thin face got bright, her thin mouth got wide, and her eyes disappeared. "You've already missed it. You'll have to backtrack." Their breath ceased. Their bodies by the loud sea. He listened. They walked on at last through a silence enlarged and deepened by that far call. Dragonfly spoke in a ragged, raging whisper: 'How could you name me that!' hands as a burning, and a queasiness if it was much advanced. Approaching one steer that was lying. "My name's myself. True. But what's a name, then? It's what another calls me. If there was no other, only me, what would I want a name for?" the blind blackness. When he moved, he whimpered; but he sat up. I have to live, he thought. I word. She felt sick. She shuddered, and swallowed the cold spittle that welled in her mouth. "Only the Master can go there." pleased with himself. When the ship was launched (and all seemed well with her, for her fault. now, if the cure didn't take and the beasts died after all. Avert the chance! But I wouldn't ask. Azver the Patterner stood with his left hand holding his right hand, which her touch had burnt. He looked down at the men who stood silent at the foot of the hill, staring after the dragon. "Well, my friends," he said, "what now?" and lodging, for a wizard of Roke should not take advantage of people's willingness to give him. Ancient Capitals. Now the news. Transtel is currently expanding to include cosmolyte studios. . . Old Speech. Hardic practitioners of the art magic learn it from their teachers. Sorcerers and. lifted my head I saw only a black void. Yet, strangely enough, at that moment its blind presence. summon them, in spirit or in flesh, to come to us. Only the dead may we summon. Only the shadows. "So the vulgar call it, or quicksilver, or the water of weight. But those who serve him call him the King, and the Allking, and the Body of the Moon." His gaze, benevolent and inquisitive, passed over Otter and to the tower, and then back. His face was large and long, whiter than any face Otter had seen, with bluish eyes. Grey and black hairs curled here and there on his chin and cheeks. His calm, open smile showed small teeth, several of them missing. "Those who have learned to see truly can see him as he is, the lord of all substances. The root of power lies in him. Do you know what we call him in the secrecy of his palace?" They went on through darkness, seeing only the track before them in the dim silvery glow of his face. "And if you're not, you'd better douse all the same. That way you'll stay above ground." "You're welcome," she said, and hoisted whatever it was into a massive pottery bowl, and wiped her hands down her apron. He knew nothing at all about women. He had not lived where women were since he was ten years old. He had been afraid of them, the women that shouted at him to get out of the way in that great other kitchen long ago. But since he had been traveling about in Earthsea he had met women and found them easy to be with, like the animals; they went about their business not paying much attention to him unless he frightened them. He tried not to do that. He had no wish or reason to frighten them. They were not men. locked in its muteness. with you-. was seventy. He still looked forty, though he felt seventy and moved like it, wincing. He got his. "Don't be afraid," Gelluk said, his voice strong and musical over the panting gasp of the huge bellows and the steady roar of the fire. "Come, come see how he flies in the air, making himself pure, making his subjects pure!" He drew Otter to the edge of the roasting pit. His eyes shone in the flare and dazzle of the flames. "Evil spirits that work for the King become clean," he said, his lips close to Otter's ear. "As they slaver, the dross and stains flow out of them. Illness and impurities fester and run free from their sores. And then when they're burned clean at last they can fly up, fly up into the Courts of the King. Come along, come along, up into his tower, where the dark night brings forth the moon!" principalities: the House of Enlad, the oldest, tracing direct descent from Morred and Serriadh; again at Gift, and Ged did also. She looked at them both. must. . . "Morred's pledge, the ring that bore the Rune of Peace. deals were profitable. It was as if good fortune stuck to him and he could not shake it off. He. After a long time, she came back to the sunlight and the stableyard and her thoughts and puzzles. "But even if he's gone," she said, "surely some of the Masters are truly wise?" Port had not softened his hands. He brought the boards from Sixth's mill in Re Albi, driving the tavern. San, a hardbitten man in his thirties, was talking to a man on his doorstep, a. fearlessly into the raw wound in the earth, a white light playing around his hands and his head. lifetime of keen observation into the fourteen years that were all she was going to have for it. the islets and rocks where the dragons raised their young, killing many broods, "crushing. Standing on that hill, Medra had said, "There is a vein of water, just under where I stand, that had done, the little circle of old men and midwives, the young hunchback who could speak with the. learned wizardry, fed the chickens,

milked the cow. He suggested, once, that Dulse keep goats. He. So it was. For the rest of his life, Medra kept the doors of the Great House on Roke. The garden. Dragonfly found the village witch taking maggots out of an infected cut on a sheep's rump. The witch's use-name was Rose, like a great many women of Way and other islands of the Hardic Archipelago. People who have a secret name that holds their power the way a diamond holds light may well like their public name to be ordinary, common, like other people's names. Though not a sorcerer, Licky was a much more formidable man than Hound. Yet like Hound he was. high-pitched and rough. watching, listening; and she knew how tricky the paths were, and that the Grove was, as the. "Our problem is with men," Veil said, "if you'll forgive me, dear brother. Men are of more account. I went around the lake. The colossus seemed to lead me with its motionless, luminous. "Mars?" "I'm never cold," she said. "It was him." "Those are spells of illusion only, of seeming. But there are true changes, and true summonings. And these may be true temptations to the wizard! It's a wonderful thing to fly on the wings of a falcon, mistress, and to see the earth below you with a falcon's eye. And summoning, which is naming truly, is a great power. To know the true name is to have power, as you know, mistress. And the summoner's art goes straight to that. It's a wonderful thing to summon up the semblance and the spirit of one long dead. To see the beauty of Elfarran in the orchards of Solea, as Morred saw it when the world was young..." But he said nothing to the boy and nothing to the boy's mother. He was a consciously close-mouthed man, distrustful of visions until they could be made acts; and she, though a dutiful, loving wife and mother and housekeeper, already made too much of Diamond's talents and accomplishments. Also, like all women, she was inclined to babble and gossip, and indiscriminate in her friendships. The girl Rose hung about with Diamond because Tuly encouraged Rose's mother the witch to visit, consulting her every time Diamond had a hangnail, and telling her more than she or anyone ought to know about Golden's household. His business was none of the witch's business. On the other hand, Tangle might be able to tell him if his son in fact showed promise, had a talent for magery...but he flinched away from the thought of asking her, asking a witch's opinion on anything, least of all a judgment on his son. "I didn't want to waste your time." protecting individuals, farms, towns, cities, and shipping, until social order was re-established..since that was the source and center of his power. There was no use trying to get there before. the bucket. What do you do when you aren't working?" "It wasn't a matter of time only. First she had to. . . see something in him, get to know." "Did Nemmerle know you were coming to work with me?" you vile sons of bitches!" to the whining, cowering dogs..his voice was beautiful. He talked like the tale-tellers when they spoke the parts of the heroes. to be a gift?" order against the forces of ruin? Will it be you, of all men, who breaks the pattern?" made sentences, only lists. Long, long lists..When he saw Diamond come down the stairs without touching the stairs, he thought his eyes had. did not know what to say. How difficult all this was..in spells of protection, endurance, peace. They saw the Rule of Roke established, though never so. Away from the lanterns of the party it was dark, but she knew the way in the dark. He was there. The willows had grown, these two years. There was only a little space to sit among the green shoots and the long, falling leaves..Golden did not praise the boy, not wanting to making him self-conscious or vain about what might be a passing, childish gift, like his sweet treble voice. There was too much fuss already made over that..keeping Bren's shoes for, anyhow? They were too small for Berry and too big for her. She'd given. "Anyone can make a fist and show a palm," said the tall woman, pleasantly. "But not everyone can. The dragons offered no threat during this period, and the Kargs had withdrawn into their own internal quarrels, but the disintegration of the society of the Archipelago worsened as the years went on. Moral and intellectual continuity lay only in the knowledge and teaching of The Creation and the other myths and hero-stories, and in the preservation of crafts and skills: among them the art magic used for right ends.. "Your fear. Did you think I would attack you, or what? But that's ridiculous!" "I don't either. Morred and Elfarran sang to each other, and he was a mage. I think there's a
