Critical judgments are so complex (and take place in such a complicated context), the vocabulary of praise and blame available in English is so vague, so fluid, and so constantly shifting, and the physical space allowed is so small that critics welcome any way of expressing judgments that will be both precise and compact. Many body cells, such as those of the muscles or nerves, have become so specialized they can't divide at all. Only the sex cells, eggs and sperm, retain the lack of genetic specialization required to produce a new organism under the proper circumstances.."Why," said Jack, "I am a prince because I am worthy to be a prince, and with me is a woman.blind in her right eye and wore a black felt patch over it.
