

## REVUE DES DEUX MONDES 1887 VOL 84 LVIIE ANNEE TROISIEME PERIODE

Anieb kept a better pace than seemed possible in a woman so famished and destroyed, walking almost naked in the chill of the rain. All her will was aimed on walking forward; she had nothing else in her mind, not him, not anything. But she was there bodily with him, and he felt her presence as keenly and strangely as when she had come to his summoning. The rain ran down her naked head and body. He made her stop to put on his shirt. He was ashamed of it, for it was filthy, he having worn it all these weeks. She let him pull it over her head and then walked right on. She could not go quickly, but she went steadily, her eyes fixed on the faint cart track they followed, till the night came early under the rain clouds, and they could not see where to set their feet..The Changer and a thin, keen-faced old man standing beside him nodded in agreement. The Master Hand said, "Irian, I am sorry. Ivory was my pupil. If I taught him badly, I did worse in sending him away. I thought him insignificant, and so harmless. But he lied to you and beguiled you. You must not feel shame. The fault was his, and mine."..she did not speak.."They do, they do," Tuly said. "Everything is hooked together, tangled up!"..wizard to teach you what you need. Of course you need what I can teach you. So, bringing it as the most generous..Anieb kept a better pace than seemed possible in a woman so famished and destroyed, walking almost.."Learn your place, woman," the mage said with cold passion..mica. Under it was darkness..It is often a matter of considerable importance that the words of these lore-books not be spoken..I found myself beneath the open sky. But the blackness of the night was kept at a great distance..,and inkpots and writings, two or three boys seated at the table, and the grey-haired, stocky man.."I forget-I always forget," he said, downcast again. "I forget the walls of the prison. I'm not such a fool when I'm outside them... When I'm here I can't believe it is a prison. But outside, without you, I remember... I don't want to go, but I have to go. I don't want to admit that anything here can be wrong or go wrong, but I have to... I'll go this time, and I will go north, Elehal. But when I come back I'll stay. What I need to find I'll find here. Haven't I found it already?"..down. "Spavined," I saw, and something about ewes' udders. The cold grip of the spells took him by the throat and choked him, bound his hands, pressed on his lungs. He crouched, gasping. He could not think; he could not remember. "Stay with me," he said, and did not know who he spoke to. He was frightened, and did not know what he was frightened of. The wizard, the power, the spell... It was all darkness. But in his body, not in his mind, burned a knowledge he could not name any more, a certainty that was like a tiny lamp held in his hands in a maze of caverns underground. He kept his eyes on that seed of light..him. He saw the flash of her eyes, the cloud of her curling hair. She looked back at him for a..made sentences, only lists. "This lady is not of our council," he said at last..He could not see the woman any more. He was alone in the room, standing free..The wind had come up again. They were both shivering, their teeth chattering. They stood face to face in the black lane, hardly able to see where the other was. Dragonfly put out her groping hand and met the witch's hand. They put their arms round each other in a fierce, long embrace. Then they hurried on, the witch to her hut near the village, the heiress of Iria up the hill to her ruinous house, where all the dogs, who had let her go without much fuss, received her back with a clamour and racket of barking that woke everybody for a half-mile round except the Master, sodden drunk by his cold hearth..It was no use trying to impress her; all she said was, "Ships don't trade much to Roke, do they?..directions, not illuminated by a single spark..and ship traffic dwindled under piracy, cities and towns withdrew inside defensive walls; arts..Iria, and she came striding down to meet him. "And perhaps because such arts have not the power they once had," he said. He did not know himself why he tried to weaken her faith in wizardry; perhaps because any weakening of her strength, her wholeness, was a gain for him. He had begun merely by trying to get her into his bed, a game he loved to play. The game had turned to a kind of contest he had not expected but could not put an end to. He was determined now not to win her, but to defeat her. He could not let her defeat him. He must prove to her and himself that his dreams were meaningless.. would go a long way."
