"I suppose you're right." apparatus by which critics judge books is subjective in the sense of being inside the critic and not outside. "Would you like to come with me," asked Amos, "and get the piece yourself." A couple kids climb on stage and pull breakfasts out of their backpacks. "You ever read this?" says one, pulling a tattered paperback from his hip pocket His friend shakes her head. "You?" He turns the book in my direction; I recognize the cover. "Ah," said Jack, "the second question is easy to answer, but the first is not so simple. I am a prisoner here because a skinny grey man stole a map from me and put me in the brig so I could not get it back from him. But why am I the Prince of the Far Rainbow? That is exactly the question asked me a year ago today by a wizard so great and so old and so terrible that you and I need never worry about him. I answered him, 'I am Prince because my father is King, and everyone knows I should be.' Then the wizard asked me, 'Why should you be Prince and not one of a dozen others? Are you fit to rule, can you judge fairly, can you resist temptation?' I had no idea what he meant, and again I answered, 'I am Prince because my father is King.' The wizard took a mirror and held it before me. 'What do you see?' he asked. 'I see myself, just as I should, the Prince of the Far Rainbow,' said I. Then the wizard grew furious and struck the mirror into three pieces and cried, 'Not until you look into this mirror whole again will you be Prince of the Far Rainbow, for a woman worthy of a prince is trapped behind the glass, and not till she is free can you rule in your own land.' There was an explosion, and when I woke up, I was without my crown, lying dressed as you see me now in a green meadow. In my pocket was a map that told me where all the pieces were hidden. Only it did not show me how to get back to the Far Rainbow. And still I do not know how to get home." a ... a headstone, a monument. They could not bring themselves to uproot the thing, even when five more like it sprouted in the graveyard. There was a new consensus among them to leave the Martian plants and animals alone. Like nervous atheists, most of them didn't believe Song's theories but had an uneasy feeling of trespassing when they went through the gardens. They felt subconsciously that it might be better to leave them alone in case they turned out to be private property.. "Matthew? Matthew, I'm sorry. I didn't meant to hurt you." You could also, for 8 few dollars more, hire a sofa or armchair that you could drive at liberty among the other chairs, choosing your partners rather than leaving them to chance. Relatively few patrons of Partyland exercised this option, since the whole point of the place was that you could just sit back and let your chair do the driving.. "Twenty-two. More than that, if you count limited editions and pamphlets and such." She went over to the bed, rooted among the papers, and returned with a thin, odd-sized paperback. "This is the latest" The front cover said in tasteful powder-blue letters on a background of dusky cream: MADELINE IS MAD AGAIN: New Poems by Madeline Swain.
