From 1993 to 1996 he stopped reading the newspapers.. Ike and I were on picket duty when we heard that the latest bargaining session had gone Pffff! Eli was on too, and a bricklayer named Dan. It was clear by this time that the Organizer had no intention of settling for a smaller package, and it was equally as clear that the Company had no intention of coming through with a bigger one.. Late in February he bought a house and an electronics dealership in a small town in the Adirondacks. In March he signed over his interest in the company to his partner, cleaned out his lab and left He Bold his co-op apartment in Manhattan and his summer house in Connecticut, moved to his new home and became anonymous..
