But when Otter could do so, then it was not so.It struck with one huge thunderclap out of sudden utter blackness and wild rain. The ship pitched like a horse rearing and then rolled so hard and far that the mast broke loose from its footing, though the stays held. The sail struck the water, filled, and pulled the galley right over, the great sweeps sliding in their oarlocks, the chained slaves struggling and shouting on their benches, barrels of oil breaking loose and thundering over one another-pulled her over and held her over, the deck vertical to the sea, till a huge storm wave struck and swamped her and she sank. All the shouting and screaming of men's voices was suddenly silent. There was no noise but the roar of the rain on the sea, lessening as the freak wind passed on eastward. Through it one white seabird beat its wings up from the black water and flew, frail and desperate, to the north.."Flew away?". "How's that?" she said. "You are. You have to be. Everybody is. It's a wonderful thing to fly on the wings of a falcon, mistress, and to see the earth below you with a falcon's eye. And summoning, which is naming truly, is a great power. To know the true name is to have power, as you know, mistress. And the summoner's art goes straight to that. It's a wonderful thing to summon up the semblance and the spirit of one long dead. Indeed, to Golden's amazement, Master Hemlock sent back a scrupulous two-fifths of the prenticing-fee. With the packet, which was delivered by one of Golden's carters who had taken a load of spars down to South Port, was a note for Diamond. It said, "True art requires a single heart." The direction on the outside was the Hardic rune for willow. The note was signed with Hemlock's rune, which had two meanings: the hemlock tree, and suffering..destroyed. Diamond had no idea what opinion Hemlock had of him, and guessed it to be pretty low. The wizard sometimes had him come with him to his work, mostly laying spells of safety on ships and houses, purifying wells, and sitting on the councils of the city, seldom speaking but always listening. Another wizard, not Roke-trained but with the healer's gift, looked after the sick and dying of South Port. Hemlock was glad to let him do so. His own pleasure was in studying and, as far as Diamond could see, doing no magic at all. "Keep the Equilibrium, it's all in that," Hemlock said, and, "Knowledge, order, and control." Those words he said so often that they made a tune in Diamond's head and sang themselves over and over: knowledge, or-der, and contro-----"A summoner grows used to bidding spirits and shadows to come at his will and go at his word. Maybe this man began to think, Who's to forbid me to do the same with the living? Why have I the power if I cannot use it? So he began to call the living to him, those at Roke whom he feared, thinking them rivals, those whose power he was jealous of.
