Wordless at first, he simply shook his head. After a while he was able to laugh. "I think we've gone on past . . . that possibility . . ." on, I'll show you. Dog can't track till he's had the scent." That's all he really told me, yet," said Dragonfly, coming back to the mild, overcast spring day and the infinite familiarity of the village lane, Rose's front yard, her own seven milch ewes grazing on Iria Hill, the bronze crowns of the oaks. "He's very careful how he talks about the Masters." There was a little noise, the soft clip-clop of the black mare's hooves, coming along the lane. I gave up..will not go dry." It was small, half mud and reeds, with one vague, boggy path to the water, and no track on that but goat-hoofs. The water was dark, though it lay out under the bright sky and far above the peat soils. Dulse followed the goat-tracks, growling when his foot slipped in the mud and he wrenched his ankle to keep from falling. At the brink of the water he stood still. He stooped to rub his ankle. Since time immemorial, until the reign of Heru, they had used only the outmost isles of the West Reach-which may have been the easternmost borders of their own realm-for meeting and breeding, and had seldom even been seen by most of the islanders. Naturally irritable and arrogant, the dragons may have felt threatened by the increasing population and prosperity of the Inner Lands, which brought constant boat traffic even out in the West Reach. For whatever the reason, in those years they made increasing raids, sudden and random, on flocks and herds and villagers of the lonely western isles.."I wanted to ask you to go away with me," he said..He spent the whole afternoon in confusion, angry. Perhaps tempted to think that he had come as near to Morred's Isle as he would ever come, Medra stayed a

while longer on Pendor. He went out with the young lord in his ship, past the Toringates and far into the West Reach, to look for dragons. There was a great longing in his heart to see a dragon. But untimely storms, the evil weather of those years, drove their ship back to Inगत three times, and Medra refused to run her west again into those gales.
