Gelluk caught his breath. Presently he said, very softly, "Can you read the runes?" Ivory never noticed that the girl was ailing, nor the pear trees, nor the vines. He kept himself to himself, as a man of craft and learning should. He spent his days riding about the countryside on the pretty black mare that his employer had given him for his use when he made it clear that he had not come from Roke to trudge about on foot in the mud and dust of country byways..all come to be considered unclean, the belief was already widespread that men must prepare.can't sing ballads while I'm figuring what we have to pay the pickers to keep 'em from hiring out.smiled..He resolved to wait and watch. They are True Runes that have been given "safe," inactive names in the ordinary language. Their true names in the Old Speech must be memorised in silence. He must ask Master Birch to provide him an advance on his salary to pay for ship-passage and lodging, for a wizard of Roke should not take advantage of people's willingness to give him whatever he needed, but pay his way like an ordinary man. As Birch agreed with this, he had to give Ivory a purse for his journey. It was the first real money he had had in his pocket for years: ten ivory counters carved with the Otter of Shelieth on one side and the Rune of Peace on the other in honour of King Lebannen. "Hello, little namesakes," he told them when he was alone with them. "You and the cheese money will get along nicely."."Who doesn't? I like the cheese making. There's an interest to it. And I'm strong. All I fear is getting old, when I can't lift the buckets and the molds." She showed him her round, muscular arm, making a fist and smiling. "Pretty good for fifty years old!" she said. It was silly to boast, but she was proud of her strong arms, her energy and skill..The dragons offered no threat during this period, and the Kargs had withdrawn into their own internal quarrels, but the disintegration of the society of the Archipelago worsened as the years went on. Loose regular meter, alliteration, stylised phrasing, and structuring by repetition are the principal poetic devices. Content includes mythic, epic, and historical narrative, geographical descriptions, practical observations concerning nature, agriculture, sea lore, and crafts, cautionary tales and parables, philosophical, visionary, and spiritual poetry, and love songs. The deeds and lays are usually chanted, the ballads sung, often with a percussion accompaniment; professional chanters and singers may sing with the harp, the viol, drums, and other instruments. The songs generally have less narrative content, and many are valued and preserved mostly for the tune..The witch still said nothing. They walked along in the darkness side by side.
