

SYNONYMS OF THE NEW TESTAMENT VOLUME 2

a few spells of illusion; and when the boy was fifteen or so, the old man took him out into the. He let that sink in for a while, and then continued softly, "And to work the spell of semblance on you, to make it so complete and deep that the Masters of Roke will see you as a man and nothing else, to do that, I too must know your name." He paused again. As he talked it seemed to him that everything he said was true, and his voice was moved and gentle as he said, "I could have known it long ago. But I chose not to use those arts. I wanted you to trust me enough to tell me your name yourself." watching, listening; and she knew how tricky the paths were, and that the Grove was, as the. they hurried on, the witch to her hut near the village, the heiress of Iria up the hill to her. head, and saw the glow of the city on the clouds. I was surprised, for I had thought that I was. Silence before. There was a very long pause.. good. But in the dark years, wizards sold their skills to the highest bidder, pitting their powers. maybe some rumor among the women of the Hand on Hosk sent him there. Pendor was a rich island,. By that time there were many people of the Hand who knew what was afoot on Roke. Young people came there sent by them. Men and women came to be taught and to teach. Many of these had a hard time getting there, for the spells that hid the island were stronger than ever, making it seem only a cloud, or a reef among the breakers; and the Roke wind blew, which kept any ship from Thwil Bay unless there was a sorcerer aboard who knew how to turn that wind. Still they came, and as the years went on a larger house was needed for the school than any in Thwil Town.. TARRY'S MALICE had left his nerves raw, and the thought of the party weighed on him till he lost. long, and not meeting his eyes. Like an animal, like a cat, she was, sizing him up but not. Neither of them had been on Pody. It was a sleepy southern island with a pretty old port town, Telio, built of rosy sandstone, and fields and orchards that should have been fertile. But the lords of Wathort had ruled it for a century, taxing and slave taking and wearing the land and people down. The sunny streets of Telio were sad and dirty. People lived in them as in the wilderness, in tents and lean-tos made of scraps, or shelterless. "Oh, this won't do," Crow said, disgusted, avoiding a pile of human excrement. "These creatures don't have books, Tern!". to dry his feet and put his shoes back on. "When I go back to the Tower," he said, "I'll ride.. After a while Ayo said, "She went down to Firm with some of the young folk. To buy fleece from the shepherds there. A year ago last spring. That wizard they spoke of came there, casting spells. Taking slaves.". It was mere cowardice to keep from Havnor, now-fear for his skin, fear lest he find his people had died, fear lest he recall Anieb too vividly.. She had no wish to explore for herself. The peacefulness of the place called for stillness, watching, listening; and she knew how tricky the paths were, and that the Grove was, as the Patterner put it, "bigger inside than outside". She sat down in a patch of sun-dappled shade and watched the shadows of the leaves play across the ground. The oakmast was deep; though she had never seen wild swine in the wood, she saw their tracks here. For a moment she caught the scent of a fox. Her thoughts moved as quietly and easily as the breeze moved in the warm light.. The eagle came, circling and screaming over the valley, the hillside, the willows by the stream. It circled, searching and searching, and flew back as it had come.. dim at first, mere dots and lines, then lifting up their bright banners, the white city at the. center of the world.. established itself as a strong, dark tenor -- that Hemlock winced. Hemlock's was a very silent. before the staggers begin. And those not struck yet, he says he can keep it off em. So the. And yet Ember said to Medra, "We were our own undoing.". feel like calling him sir, as she always did the curer. This one had nothing of that lordly way. Quite early on, impatient with wooing her massive physical indifference, he had worked up a charm, a sorcerer's seduction-spell of which he was contemptuous even as he made it, though he knew it was effective. He cast it on her while she was, characteristically, mending a cow's halter. The result had not been the melting eagerness it had produced in girls he had used it on in Havnor and Thwil. Dragonfly had gradually become silent and sullen. She ceased asking her endless questions about Roke and did not answer when he spoke. When he very tentatively approached her, taking her hand, she struck him away with a blow to the head that left him dizzy. He saw her stand up and stride out of the stableyard without a word, the ugly hound she favoured trotting after her. It looked back at him with a grin.. with them in his own way, in his own time. To be nourishing, fear must be immediate; he needed to. "And what is a real?". There were no wizards serving Losen now except Early and a couple of humble sorcerers. Early had. green hill. He woke with the vision still clear in his mind, knowing he had seen it ten years. It took him a long time to cross the cavern. He put his bad arm inside his shirt and kept his good hand pressed to his hip joint, which made it a little easier to walk. The walls narrowed gradually to a passage. Here the roof was much lower, just above his head. Water seeped down one wall and gathered in little pools among the rocks underfoot. It was not the marvelous red palace of Tinaral's vision, mystic silvery runes on high branching columns. It was only the earth, only dirt, rock, water. The air was cool and still. Away from the dripping of the stream it was silent. Outside the gleam of werelight it was dark.. Tenar of the Ring is there," said Azver.. As she went about her work in the kitchen, Hawk lent her a hand now and then in the most natural. earlier departure, did not surprise them. They must have had a reaction of this type catalogued, it. After another long time she said, "Maybe I can learn it here, sir.". The house vanished. No walls, no roof, nobody. Early stood on the dust of the village square in the sunshine of morning with his arms in the air.. A pause. "This," Diamond said. His voice was level. He looked neither at his father nor his. "Oh, it's you who have it to spare, sir. We're poor folk here. And ignorant," she said, with a. "We should send away the men who won't.". with the dragon now following him, to the Old Island, Ea, the first land Segoy raised from the. dragons will threaten the Inmost Sea. There will be order, safety, and peace.". They came out into the calm, open evening air. The west still held some brightness as they crossed. patterning, naming, and the crafts of illusion, and the knowledge of the songs. Those are the arts. Not long since, he had sent for Hound on some business, and when it was done the old man had said. very lonesome. He looked for a lane or path leading to the town,

but there never was one that went."If Roke was now what it once was, known to be strong, those who fear us would come again to surely walk again, yes, and dance the Long Dance."You don't care, eh? Stay a while. You can see," And he set off down the path between the parsley."Everything. When I left -- don't take this in bad part -- a girl like you would not have with exaggeration, moving its huge lips and meaty tongue..She got up slowly. She stood behind the armchair..away. They were kissing. I walked toward the muffled sound of music, some all-night restaurant.Diamond cried, and was carried off in a swirl of young men and women, all laughing and chattering..cattle were nearby, and went to them. The sickness was very familiar to him now. He felt it in his.file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (96 of 111) [2/5/2004 12:33:31 AM].it cleared away.. "Father, I don't want a party," Diamond said and stood up, shivering his muscles like a horse. He.The Kargish kingship, however, was already being manipulated by the high priests of the Twin Gods. Thoreg's high priest, Intathin, opposing any truce or settlement, challenged Erreth-Akbe to a duel in magic. Since the Kargs did not practice wizardry as the Hardic peoples understood it, Intathin must have inveigled Erreth-Akbe into a place where the Old Powers of the earth would nullify his powers. The Hardic Deed of Erreth-Akbe speaks only of the hero and the high priest "wrestling," until: "I haven't practiced ever since I left, Darkrose," he said. "But the music was always in my head..He thought he caught a whiff of fox from the little orchard behind the house..history and magic of the place.."I'd tell you mine," she said. "If that... if that's how we should begin."..He glanced at her. His dark eyes were large, deep, opaque like a horse's eyes, unreadable..of a fountain. The girl, wearing a bright dress that was quite ordinary, which encouraged me, held.flex his aching wrists and work his lips that had been smashed against his teeth for hours. "The.been more than two hundred..By now the place that the girl had pointed out to me was deserted. After this incident I.miles or years away..passengers. The bright colors of the women's clothes I had by now learned to accept, but the men."Do you know the way in?" His almond-shaped eyes were attentive, yet seemed to look at her from.The wizard sometimes had him come with him to his work, mostly laying spells of safety on ships.hawk's face, she thought. She held still, listening..The heap moved, and roused up slowly. They saw it was the curer, just as he had been, no fires or shadows, though looking very ill. "Come on," Gift said, and got him on his feet, and walked slowly up the street with him..A tale of the Vedurnan or Division, known in Hur-at-Hur, says:.gagged his mouth to keep him from making spells. They locked him in a cellar room, a room of.touching the beasts and healing them. And you know what the cattleman gave him? Six pennies! Can."I would," she said..Ivory's spell of semblance dropped away like a cobweb. She was and looked herself..prove it, he made it seem that a herd of deer ran through the dining hall, followed by a flight.of.there-in time as well as in space..the trees. "Stay tonight. You will?".there; a half-month to go, another to return; he would be back well before the Fallows at the.the sky above me again. But my capacity for surprise was pretty well exhausted. I had had.him; he had the lead. But Early could follow the lead, and if his own powers were not enough he.haired Dune was so eager that Ember said he wanted to start teaching sorcery to every child in."You could go to Roke," the wizard said..You are no child. You have no name."..He embraced them, and they him, and he left the house.. "He wanted me to go to the College on Roke to study with the Master Summoner. He was going to send me there. I decided not to go."..of?".group of people under the big oak on the hilltop. When Tarry's band of harp, fife, viol, and drum.burnt ore was scraped down by naked slaves and shoveled into ovens to be burnt again. They came to.stairs and inside. The stewardess led me between the rows of seats to the very front. I hadn't.Palace, rotting, while six warlords quarreled over his kingdom, and the ships of the great fleet.courtesy, and because neither Gully or Otak seemed names well suited to him. An otak, she had.shouting. She felt his prying, tremulous hands on her. She saw him weeping, sick, shamed, and.said. "It's at daybreak a name should be given. And then there ought to be music and feasting and.tune would come as part of the name, and he would sing out so clearly-- for his voice had re-".. "We could find no trace of him. No doubt he changed himself to a bird or a fish when he left Roke, until he came to some other island. And a wizard can hide himself from all finding spells. We sent out inquiries, in the ways we have of doing so, but nothing and nobody replied. So we set off looking for him, the Summoner to the eastern isles and I to the west. For when I thought about this man, I had begun to see in my mind's eye a great mountain, a broken cone, with a long, green land beneath it reaching to the south. I remembered my geography lessons when I was a boy at Roke, and the lay of the land on Semel, and the mountain whose name is Andanden. So I came to the High Marsh. I think I came the right way."..still very sore..They came forward on their knees, face to face, their arms straight down and their hands joined..They set off along the wharves, asking for a ship bound south that might take a wizard and his.back home and a lot of things had changed. Sex. Money. Transit. Violence. There's no more..Since the name of the person is the person, in the most literal and absolute sense, anyone who knows it has real power, power of life and death, over the person. Often a true name is never known to anybody but the giver and to the owner, who both keep it secret all their life. The power to give the true name and the imperative to keep it secret are one. True names have been betrayed, but never by the name giver..Golden owned the mill that cut the oak boards for the ships they built in Havnor South Port and.much as if she was with him, as that she was him, or that he was her. He saw through her eyes. Her.Hand, the community survived for centuries, maintaining a tenuous but vigorous network of.convenience to the wizard, who had got used to having his wants provided, his time free, and an.She shuddered.. "They show me what I should do," Irioth said, "and who I am. They know my name. But they never say it.".. "We went farthest east," Azver said. "But do you know what the leader of an army is, in my.the city was beautiful and peaceful and the people prosperous..was years ago, years ago, in the sunlight. It was raining. He had fed the chickens, and come back.what is most base comes what is most noble? That is a great principle of the art! From the vile.title. Yet, restrained by the consistent teaching and practice of the school and the

watchfulness. IN THE YEARS after Diamond left home, Golden made more money than he had ever done before. All his. "The true art prevails over the false. The pattern will hold," Ember said, frowning. She reached out the poker to gather together her namesakes in the hearth, and with a whack knocked the heap into a blaze. "That I know. But our lives are short, and the patterns very long. If only Roke was now what it once was- if we had more people of the true art gathered here, teaching and learning as well as preserving-". "Nothing to do with us, that lot at the old place," Birch said, displeased. The tactful Ivory. His mind wandered. "Eyelash" in the True Speech is siasa, he read, and he felt eyelashes brush his. "What brought you here, Azver?" the Namer asked. "I've often thought of asking you. A long, long way to come. And you have no wizards in the Kargish lands, I think." "You have been a witch, Irian?" held in my hand seemed to be made of paper, empty. But I quickly learned to control my body. In. He slept till late in the morning and woke as if from illness, weak and placid. She was unable
