

TALES FROM AN OLD HACK MEMOIR OF A LOCAL REPORTER

Soon he dispensed with picture books and progressed to short novels for more accomplished readers, and then rapidly to books meant for young adults. Tom Swift adventures and Nancy Drew mysteries captivated him through the summer and early autumn. Agnes thought crazily of their early dates and the first years of their marriage. They had occasionally gone to the drive-in, sitting close. Among these people was an old man whom they called, among themselves, the Changer. He showed Otter a few spells of illusion; and when the boy was fifteen or so, the old man took him out into the fields by Serrenen to show him the one spell of true change he knew. "First let's see you turn that bush into the seeming of a tree," he said, and promptly Otter did so. Illusion came so easy to the boy that the old man took alarm. Otter had to beg and wheedle him for any further teaching and finally to promise him, swearing on his own true and secret name, that if he learned the Changer's great spell he would never use it but to save a life, his own or another's. The voice had come not from the armchair in the corner, but from immediately beside the bed. She found the switch and clicked off the lamp again. "Good-night, young prince." Vanadium understood the depth of his old friend's pain, and he knew that the anguish over the loss of a child could make the best of men act out of emotion rather than good judgment, and so he accepted Harrison's preference to let the matter rest. When enough time passed for reflection, what Vanadium ultimately decided was that of the two of them, Harrison was much the stronger in his faith, and that he himself, perhaps for the rest of his life, would be more comfortable behind a badge than behind a Roman collar. "That's obvious to us, but not always to others. Apparently, this would have been some years ago." Rapt, frightened yet wonderstruck, Agnes leaned forward, squinting between the whisking wipers. What might have become a waiting game of epic duration was ended when the door to the room swung inward, and a doctor in a white lab coat entered from the corridor. He was backlit by fluorescent glare, his face in shadow, like a figure in a dream. "Your mother's wise," Paul said. "More than all the owls in the world," the boy agreed. As before, the name tolled through him like the ominous note of the deepest bass bell in a cathedral carillon, struck on a cold midnight. By Sunday evening, a combination of factors—deep commitment to the philosophy of Zedd, explosive testosterone levels, boredom, self-pity, and a desire to be a risk-taking man of action once more—motivated Junior to splash a little Hai Karate behind each ear and go courting. Shortly after sunset, with a single red rose and a bottle of Merlot, he set off for Victoria Bressler's place. During the following day, January 6, as Phimie was wheeled around the hospital for tests in various departments, Celestina remained in 724, working on her portfolio for a class in advanced portraiture. She was a Junior at the Academy of Art College. Unfortunately, Caesar Zedd had not written a self-help book on how to commit homicide and escape the consequences thereof, and as before, Junior was entirely on his own. After carrying the two pieces of luggage to the car in the garage, he returned to the study. He sat at the desk and examined the contents of the drawers, then turned to the file cabinet. "I'm going to recommend that you be admitted overnight and that we lance these under hospital conditions. We'll use a sterile needle on some of them, but a number are so large they're going to require a surgical knife and possibly the removal of the carbuncle core. This is usually done with a local anesthetic, but in this instance, while I don't think general anesthesia will be required, we'll probably want to sedate you that is, put you in a twilight sleep." The weather was good, so he went for a walk, though he crossed the street repeatedly to avoid passing newspaper-vending machines. Over the following hour, as Walter Panglo guided Jacob through the planning of the funeral, Jacob recounted the gruesome details of numerous airliner crashes, shipwrecks, train collisions, coal-mine disasters, darn collapses, hotel fires, nightclub fires, pipeline and oil-well explosions, munitions—plant explosions. . . . The time had come for him to think more seriously about his situation and his future. Self-improvement remained a laudable goal, but his efforts needed to be more focused. As the fragrances of wet wool and sodden denim rose from her sweater and jeans, Agnes switched on the heater and angled the vanes of the middle vent toward Barty. "Honey, turn that other vent toward yourself." He wasn't a marksman, anyway. He couldn't handle anything more than close-up work. The bandaged man stormed up from the ruin of the living room, gauze fluttering around his lips as his hard exhalations seemed to prove that he wasn't a long-dead pharaoh reanimated to punish some heedless archaeologist who had ignored all warnings and violated his tomb. So this wasn't a Weird Tales moment. "Seems like," Vanadium agreed. "So a man like Cain obsesses on one thing after another—sex, money, food, power, drugs, alcohol, anything that seems to give meaning to his days, but that requires no real self-discovery or self-sacrifice. Briefly, he feels complete. However, there's no substance to what he's filled himself with, so it soon evaporates, and then he's empty again." Rubbermaid container from his own pantry. Junior would never again use it to store leftover soup. Ordinarily, a child of three would be too young to learn the use of a blind man's cane, but Barty wasn't ordinary. Initially, no cane was available for such a small child, so Barty began with a yardstick sawn off to twenty-six inches. By his last day, they had for him a custom cane, white with a black tip; the sight of it and all that it implied brought tears to Agnes just when she thought her heart had toughened for the task ahead. Of the curiosities Junior uncovered, Frieda's weapons interested him most. Guns were stashed throughout the apartment: revolvers, pistols, and two pistol-grip shotguns. Sixteen altogether. "It was in your heart, too, and anything that's in your heart is there for anyone to see. Will your father marry us?" When Celestina first entered his ICU cubicle, the sight of his face scared her in spite of the surgeon's assurances. Gray, he was, and sunken-cheeked—as though this were the eighteenth century and so many medicinal leeches had been applied to him that too much of his essential substance had been sucked out. He knew that the only movement in those staring, sightless eyes was the restless reflection of the flashlight beam as he probed the trash with it. He knew he was being irrational, but nevertheless he was reluctant to turn his back on the corpse. Repeatedly in the midst of searching, he snapped his head up, whipping his attention to Neddy, certain that from the

comer of his eye, he had seen the dead gaze following him..He wasn't entirely sure what all he hoped to find. Perhaps an envelope or a cash box with folding money, which a fleeing murderer would surely pause to take with him. Suspicions might be raised if he left it behind. Perhaps a savings-account passbook.. "Nothing of the kind." Agnes smiled at Barty and wiggled her finger in his grip. "They've always been my salvation. I don't know what I'd do without them." Her strength was the strength of stones only in the sense that she felt as immovable as rock, yet she found the resources to raise one arm, to place her left hand over Maria's bead-tangled fingers. "But the baby's dead." "Your forgiveness won't make any of it right," he said, "nothing could, but it might start to give me a little peace." "For one thing, jurors might conclude that the authorities never really suspected you and tried to frame you for murder to conceal their culpability in the poor maintenance of the tower. By far, most of the cops think you're innocent anyway." Although Vanadium had been morally certain about the identity of his assailant, intuition without evidence was not sufficient to stir the authorities into action-not against a man on whom the state and county had settled \$4,250,000 in the matter of his wife's mortal fall. They would appear either to be incompetent in the investigation of Naomi Cain's death or to be pursuing Enoch in the new matter out of sheer vindictiveness. Without stacks of evidence, the political risks of acting on a policeman's instinct were too great..The night was hushed but for the barking of a dog in the great distance. Hollow, far softer than the ghostly singing that had recently haunted Junior, the rough voice of this hound nevertheless stirred him, spoke to an essential aspect of his heart..Find the father, kill the son. In just nine days, Junior bedded four beautiful women: one on Christmas Eve, the next on Christmas Night, the third on New Year's Eve, and the fourth on New Year's Day. For the first time in his life-and on all four occasions-his joy in the act was less than complete..Since childhood, he had been waiting for this moment-if indeed it was The Moment-and he had nearly lost hope that the much-desired encounter would ever come to pass. He had expected to find others with his perceptions among physicists or mathematicians, among monks or mystics, but never in the form of a three-year-old girl dressed all in midnight-blue except for a red belt and two red hair bows..As though frightened of the gentle certainty in Celestina's eyes, the doctor turned away from he, and toward the window once more..Shortly after nine-thirty in the morning, they landed in Eugene, and the cab driver who conveyed Junior to the town's largest shopping center spent more time staring at his afflicted passenger in the rearview mirror than he did watching the road. Junior got out of the taxi and paid through the driver's open window. The cabbie didn't even wait for his fiery-faced fare to turn completely away before he crossed himself..Junior was vigilant. He took note of all those who approached the piano, whether they dropped money in the fishbowl or not..At eight o'clock in the evening, Junior parked two blocks past the target house. He walked back to the Prosser residence, gloved hands in the pockets of his raincoat, collar turned up..He summoned enough courage to approach the nightstand. His hand trembled. He half expected the quarter to be illusory; to disappear between his pinching fingers, but it was real..Kitchen staff. All men. Some looked up in surprise; others were oblivious of him. He stalked the cramped work aisles, eyes watering from the fragrant steam and the heat, seeking Vanadium, an answer.."From 1604 through 1610, Erzebet Bathory, sister of the Polish king, with the assistance of her servants, tortured and killed six hundred girls. She bit them, drank their blood, tore their faces off with tongs, mutilated their private parts, and mocked their screams." As she commented on each masterpiece, Frieda grew steadily less coherent. She had drunk a few cocktails, the better part of a bottle of Cabernet Sauvignon, and two after-dinner brandies..As Wally got behind the wheel and closed his door, Angel said, "Mommy, where's fog come from? And don't say Hawaii." Before the pianist could cry out, Junior drove him between the toilet and the sink, slamming him against the wall hard enough to knock loose his breath and to cause the water to slosh audibly in the nearby toilet tank..The previous day, Jacob and Edom had driven back to Bright Beach, to prepare for Barty's arrival. Now they hurried down the back porch steps and across the lawn, as Maria followed the driveway past the house and parked near the detached garage at the rear of the deep property..Ten months later, Simon called again, also regarding Cain, but this time the attorney was the client, and Cain was the target. What Simon wanted Nolly to do was strange, to say the least, and it could be construed as harassment, but none of it was exactly illegal. And for two years, beginning with the quarter in the cheeseburger, ending with the coin-spitting machines, all of it had been great fun..Eventually, of course, dear Edom held forth about tornadoes--in particular the infamous Tri-State Tornado of 1925, which ravaged portions of Missouri, Illinois, and Indiana..As she tucked the bedclothes around him again, she said, "Barty, I don't think you should let anyone else see how you can walk in the rain without getting wet. Not Edom and Jacob. Not anyone at all. And anything else special that you discover you can do ... we should keep it a secret between you and me." To have the best chance of becoming a master mechanic, any young apprentice needs a mentor. The art of total card control cannot be learned entirely from books and experimentation..And like John Kennedy's death, Zedd's passing was cloaked in mystery, inspiring widespread suspicion of conspiracy. Only a few believed that he had committed suicide, and Junior was certainly not one of those gullible fools. Caesar Zedd, author of *You Have a Right to Be Happy*, would never have blown his brains out with a shotgun, as the authorities preferred the public to believe..The deejay announced song number four for the week: the Beatles' "She's a Woman." The Fab Four filled the Studebaker with music..When he killed the Bartholomew, this haunting would finally end, too. In Junior's mind, Vanadium and Bartholomew were inextricably linked, because it was the maniac cop who first heard Junior calling out Bartholomew in his sleep. Did that make sense? Well, it made more sense at some times than at others, but it always made a lot more sense than anything else. To be rid of the dead-but-persistent detective, he must eliminate Bartholomew..Now the message ... Something about a hospital. Someone dying. A cerebral hemorrhage.."Cancer," he said, because that was more tragic and far less suspicious than a fall from a fire tower..Edom observed, amazed, as Agnes chatted up their host, going from Mr. Sepharad to Obadiah, from the doorstep to the living room, the pie delivered and accepted, coffee

offered and served, the two of them pleased and easy with each other, all in the time that it would have taken Edom himself to get up the nerve to cross the threshold and to think of something interesting to say about the Galveston hurricane of 1900, in which six thousand had died..For an instant, she appeared to be frowning. Then he realized this couldn't be a frown. It must be a smoldering look of desire..In a monotone that gave new meaning to deadpan, the detective added: "I'm the only one who was there who doesn't have a dry-cleaning bill.".There was a valuable lesson to be learned from the encounter with Renee Vivi: Many things in this life are not what they first appear to be. To Junior, however, the lesson was not worth learning if he had to live with the vivid memory of his humiliation..If Junior was patient, he could slip in there, find Bartholomew, kill the boy in bed, whack Ichabod second, and still have a chance to make love to Celestina.."I'm not going anywhere," she pledged. She had realized that his voice was growing heavy with sleep. "But it's time for you to go to dreamland.."evening. She brought her daughters, seven-year-old Bonita and six year-old Francesca, who came with their newest Barbie dolls-Color Magic Barbie, the Barbie Beautiful Blues Gift Set, Barbie's friends.She only half understood their frantic conversation, partly because the ability to concentrate was draining from her along with her lifeblood, but also because she was distracted by Joey. He was no longer in the wreck, but standing at the open rear door of the ambulance.."Now you don't have to worry," Angel said, "about what happens to him if ever you're gone, Aunt Aggie. If he can do this, he can do anything, and you can rest easy.".From the phone, Barty proceeded directly to the refrigerator. He opened the door, got a can of orange soda, and returned without hesitation to his chair at the table..She held his face in both hands and kissed each of his beautiful jewel eyes. "You ready?".Turning away from the window, Celestina grabbed the girl and pushed her toward the bed, whispering, "Down, under.".In the motel office, Junior paid for another night in advance. His preference in lodgings didn't run to greasy carpeting, cigarette-scarred furniture, and the whispery scuttling of cockroaches in the dark, but though feeling better, he was too tired and shaky to drive..Angel didn't want to go, maybe because the boogeyman schemed beneath the bed in some of her nightmares.."Yes. Sodium chloride will work, too. Common salt. Mix enough of it with water, and it's generally effective.".He capped the bottle, pocketed it, and then kicked the dead man, kicked him again, and spat on him..Because Junior's right arm was encumbered by the bracing board and the intravenous needle, he tugged a mass of tissues from the box with his left hand..She had lighted one candle for each of eleven apostles, none for the twelfth, Judas, the betrayer. Consequently, after burning a fragment of the cards in each votive glass, she was left with one piece..He yearned for a new heart mate. He was wise enough to know that no amount of yearning could transform the wrong woman into the right one. Love couldn't be demanded, planned, or manufactured. Love always came as a surprise, snuck up on you when you were least expecting it, like Anthony Perkins in a dress..Serving a formal dinner was Agnes's way of declaring-to herself more than to anyone else in attendance-that the time had come for her to get on with life for Bartholomew's sake, but also for her own..Indeed, the winter storm had dampened neither his hair nor his clothes. The rain appeared to slide away from him a millimeter before contact, as though the water and the man were composed of matter and antimatter that must either repel each other or, on contact, trigger a cataclysmic blast that would shatter the very foundation of the universe..Life was too short to waste it working if you had the means to afford lifelong leisure..Last night, in the superintendent's basement apartment, as they shared a bottle of wine, Sparky had told Vanadium numerous weird tales about Cain: The Night He Shot Off His Toe, The Day He Was Saved from a Meditative Trance and Paralytic Bladder, The Day the Psychotic Girlfriend Brought a Vietnamese Potbellied Pig to His Apartment When He Was Out and Fed It Laxatives and Penned It in His BedroomThe quiet passion in Vanadium's voice was genuine, expressed with reason but not fervor, not in the least sentimental or unctuous-which made it more disturbing. "Vibrations in one string set up soft, sympathetic vibrations in all the other strings, through the entire body of the instrument.".She hung her head, covered her face with her chilled hands, and wondered how her mother could sustain faith in God when such terrible things could happen to someone as innocent as Phimie..Requital. Restitutional apology, which must have been learned in a law school where English was the second language. Even atonement..was trying her best to ensure the health of the baby while still remaining slim enough to avoid suspicion..As if vengeful spirits weren't trouble enough, he had for three years been struggling unwittingly against the terrible power of the minister's curse, black Baptist voodoo that made his life miserable. He knew now why he had been plagued by violent nervous emesis, by epic diarrhea, by hideously disfiguring hives. The failure to find a heart mate, the humiliation with Renee Vivi, the two nasty cases of gonorrhea, the disastrous meditative catatonia, the inability to learn French and German, his loneliness, his emptiness, his thwarted attempts to find and kill the bastard boy born of Phimie's womb: All these things and more, much more, were the hateful consequences of the vicious, vindictive voodoo of that hypocritical Christian. As a highly self-improved, fully evolved, committed man who was comfortable with his raw instincts, Junior should be sailing through life on calm seas, under perpetually sunny sides, with his sails always full of wind, but instead he was constantly cruelly battered and storm-tossed through an unrelenting night, not because of any shortcomings of mind or heart, or character, but because of black magic.."He came through the surgery well. He'll be in post-op for a while, then brought here to the ICU. His condition's critical, but there are degrees of critical, and I believe we'll be able to upgrade him to serious long before this day is over. He's going to make it.".Caesar Zedd recommended not merely seizing the day but devouring it. Chew it up, feed on the day, swallow the day whole. Feast, said Zedd, feast, approach life as a gourmet and as a glutton, because he who practices restraint will have stored up no sustaining memories when famine inevitably comes..In her features, the girl entirely resembled her mother. She was nothing whatsoever like Junior. Only the light brown shade of her skin provided evidence that she hadn't been derived from Seraphim by parthenogenesis..make a worrywart life-insurance salesman like me seem just as light hearted as a schoolgirl.".When at last he spoke, real grief, quiet but profound, softened his voice: "March first, three years

ago, my wife and two sons-Danny and Harry, both seven, twins-were coming home from visiting her parents in New York. Shortly after takeoff ... their plane went down." "I said it didn't work that way, and it doesn't. Yet ... I don't actually walk in those other worlds to avoid the rain, but I sort of walk in the idea of those worlds. . . ." Hope became easier to sustain when late 1966 and 1967 brought the biggest advance in women's fashions since the invention of the sewing needle: the miniskirt, and then the micromini. Already, Mary Quant-of all things, a British designer-had conquered England and Europe with her splendid creation; now she brought America out of the dark ages of psychopathic modesty..As Barty climbed to the porch without benefit of the railing and held out his right hand, Paul Damascus said, "Tom, we're wondering if Barty can extend to you the protection he gives to Angel in the rain. Maybe he can ... since the three of you share this ... this awareness, this insight, or whatever you want to call it. But he won't know until he tries." Tucking the covers around Angel, Celestina said, "Would you like Uncle Wally to be your daddy?" "That would be the best." "I think so, too." "I never had a daddy, you know." "Getting Wally was worth the wait, huh?" "Will we move in with Uncle Wally?" "That's the way it usually works." "Will Mrs. Ornwall leave?" "All that stuff will need to be worked out." "If she leaves, you'll have to make the cheese." Grace, having just finished washing a sinkful of dishes, stood monitoring the application of the icing and drying her hands, when the telephone rang. She picked it up, and as she said, "Hello," the front of the house exploded..The barren white walls, the stark furniture starkly arranged, the rigorous exclusion of bric-a-brac and mementos: this resulted in the closest thing to a true monastic cell to be found outside of a monastery. The only quality of the apartment that identified it as a secular residence was its comfortable size, and if Industrial Woman had been replaced with a crucifix, even size might have been insufficient to rule out residence by some fortunate friar..In the car again, a block from home, Barty said, "Maybe you could just not tell Uncle Edom and Uncle Jacob until Sunday night. They won't handle it real well. You know?." Done with dolls for now, Barty and Angel went upstairs to his room, where the book that talked waited patiently in silence. With her colored pencils and a large pad of drawing paper, she clambered onto the cushioned window seat. Barty sat up in bed and switched on the tape player that stood on the nightstand..Barty wore elfin-size, knitted blue pajamas complete with feet, white rickrack at the cuffs and neckline, and a matching cap. His white blanket was decorated with blue and yellow bunnies..For guidance, Agnes couldn't rely entirely on any of the child rearing books in her library. Barty's unique gifts presented her with special parenting problems. Now, when he asked if he could stay up even later, to read about John Thomas Stuart and Lummox, John's pet from another world, she granted him permission..She devoted half her work time to the neighbors-in-need route that Agnes had established and steadily expanded, the other half to her painting. She was in no rush to mount a new show; anyway, she didn't dare renew contact with the Greenbaum Gallery or with anyone at all from her past life, until the police found Enoch Cain..The hospital was drowned in the bottomless silence that fills places of human habitation only in the few hours before dawn, when the needs and hungers' and fears of one day are forgotten and those of the next are..After a hesitation, she said, "You're the boogeyman, except when I saw you, I was hiding under the bed where you're supposed to be." "The exquisite kind," he replied, glad that he had read so many books on the art of seduction and therefore knew precisely the right thing to say..When the police operator answered, Junior shrieked, "I've been shot! Jesus! Shot! Help me, an ambulance, oooohhhh shit! Hurry!"..After prying Junior out of the meditative position, Chicane pushed him onto his back and vigorously--indeed, violently--massaged his thighs and calves. "Really bad muscle spasms," he explained..In that instant, she knew the dreadful shape of the future, if not its fine details..Commodified fantasy takes no risks: it invents nothing, but imitates and trivializes. It proceeds by depriving the old stories of their intellectual and ethical complexity, turning their action to violence, their actors to dolls, and their truth- telling to sentimental platitude. Heroes brandish their swords, lasers, wands, as mechanically as combine harvesters, reaping profits. Profoundly disturbing moral choices are sanitized, made cute, made safe. The passionately conceived ideas of the great story-tellers are copied, stereotyped, reduced to toys, molded in bright-colored plastic, advertised, sold, broken, junked, replaceable, interchangeable..A SEVERE THIRST INDICATED to Agnes that she wasn't dead. There would be no thirst in paradise..THE SUN ROSE above clouds, above fog, and with the gray day came a silver drizzle. The city was lanced by needles of rain, and filth drained from it, swelling the gutters with a poisonous flood..Even Rudy, as huge as Big Foot and as amoral as a skink, was afraid of this woman..Into the autumn of 1967, Junior reviewed hundreds of thousands of phone listings, and occasionally he located a rare Bartholomew. In San Rafael or Marinwood. In Greenbrae or San Anselmo. Located and investigated and cleared them of any connection with Seraphim White's bastard baby..She tried to raise her right hand, but it flopped uselessly and would not respond..As punctilious as you might expect any good accountant to be, Bartholomew Prosser didn't delay long enough to make it necessary for Junior to ring the bell twice. The porch light came on..So that my mind could move about among the years and centuries without getting things all out of order, and to keep contradictions and discrepancies at a minimum while I was writing these stories, I became (somewhat) more systematic and methodical, and put my knowledge of the peoples and their history together into "A Description of Earthsea." Its function is like that of the first big map I drew of all the Archipelago and the Reaches, when I began to work on A Wizard of Earthsea over thirty years ago: I needed to know where things are, and how to get from here to there-in time as well as in space..But he was more than she had ever imagined her boy to be, more than merely a prodigy..Somehow, Vanadium's malevolent spirit was also to blame for Junior's failure to find a new heart mate, in spite of all the women he'd been through. Undoubtedly, when Bartholomew was dead and Vanadium vanquished with him, romance and true love would bloom..This device, which could automatically pick any lock with just a few pulls of its trigger, was sold strictly to police departments, and its distribution was tightly controlled. On the black market it commanded such a high price that Junior could have bought the better part of a small Sklent painting for the

same bucks.. "Last I noticed, his car was out. Let me check." Sparky put down his phone and went to look in the garage. When he returned, he said, "Nope. Still out. When he parties, he usually parties late." Ever the romantic, he wanted to surprise her. Voila! Flowers, wine, and moi. Since their electrifying connection in the hospital, she had been yearning for him; but she wouldn't expect a visit for a few weeks yet. He was eager to see her face brighten with delight. The lack of offensive odors indicated that he hadn't landed in a container filled with organic garbage. In the blackness, judging only by feel, he decided that almost everything was in plastic trash bags, the contents of which were relatively soft-probably paper refuse. On one particular street in Bright Beach, however, the most significant event of the year occurred on a pleasant afternoon in early April, when Barty, now nine years old, climbed to the top of the great oak and perched there in triumph, king of the tree and master of his blindness.
