Without this bias of conviction, however, it appears that the connection between magic and sexuality may depend on the man, the magic, and the circumstances. One of the wizards of Roke had betrayed the island to the crafty men of Wathort, lowering its spells of defense and warning. Once those were breached, the pirates took the island not by wizardries but

by force and fire. Their great ships filled Thwil Bay, their hordes burned and looted, their slave takers carried off men, boys, young women. Little children and the old they slaughtered. Returning in..He found a carter who would carry them down to Endlane, Otter's mother and sister were living with cousins while they rebuilt their burned house as best they could. They welcomed him with disbelieving joy. Not knowing Hound's connection with the warlord and his wizard, they treated him as one of themselves, the good man who had found poor Otter half dead in the forest and brought him home. A wise man, said Otter's mother Rose, surely a wise man. Nothing was too good for such a man..Hound came in on her heels. "Well," he said, "in the first place, when I got to the city, I go up to the palace, just to hear the news, and what do I see? I see old King Pirate standing on his legs, shouting out orders like he used to do. Standing up! Hasn't stood for years. Shouting orders! And some of em did what he said, and some of em didn't. So I got on out of there, that kind of a situation being dangerous, in a palace. Then I went about to friends of mine and asked where was old Early and had the fleet been to Roke and come back and all. Early, they said, nobody knew about Early. Not a sign of him nor from him. Maybe I could find him, they said, joking me, hm. They know I love him. As for the ships, some had come back, with the men aboard saying they never came to Roke Island, never saw it, sailed right through where the sea charts said was an island, and there was no island. Then there were some men from one of the great galleys. They said when they got close to where the island should be, they came into a fog as thick as wet cloth, and the sea turned thick too, so that the oarsmen could barely push the oars through it, and they were caught in that for a day and a night. When they got out, there wasn't another ship of all the fleet on the sea, and the slaves were near rebelling, so the master brought her home as quick as he could. Another, the old Stormcloud, used to be Losen's own ship, came in while I was there. I talked to some men off her. They said there was nothing but fog and reefs all round where Roke was supposed to be, so they sailed on with seven other ships, south a ways, and met up with a fleet sailing up from Wathort. Maybe the lords there had heard there was a great fleet coming raiding, because they didn't stop to ask questions, but sent wizard's fire at our ships, and came alongside to board them if they could, and the men I talked to said it was a hard fight just to get away from them, and not all did. All this time they had no word from Early, and no weather was worked for them unless they had a bagman of their own aboard. So they came back up the length of the Inmost Sea, said the man from Stormcloud, one straggling after the other like the dogs that lost the dogfight. But one hot afternoon when they came to a glade among a stand of oaks, he said, "I will come back here, eh?" and walked off with his quick, silent step, lost almost at once in the dappled, shifting depths of the forest..The boy was in fact a workman of the first order, carpenter, cabinetmaker, stonelayer, roofer; he had proved that when he lived up here as Dulse's student, and his life with the rich folk of Gont Port had not softened his hands. He brought the boards from Sixth's mill in Re Albi, driving Gammer's ox-team; he laid the floor and polished it the next day, while the old wizard was up at Bog Lake gathering simples. When Dulse came home there it was, shining like a dark lake itself. "Have to wash my feet every time I come in," he grumbled. He walked in gingerly. The wood was so smooth it seemed soft to the bare sole. "Satin," he said. "You didn't do all that in one day without a spell or two. A village hut with a palace floor.
