"You're right," she said. "Your opinion doesn't mean anything." She slapped his knee delightedly. Below it were various tiny gears and the pump itself. She twirled it idly as she spoke. "Well," said Amos, "if you help get us to the top of the mountain, we will let you look into the fragment of the mirror." Then he added, "which is more than your friend the wizard did, apparently." Jack gave Amos a little kick, for it is not a good thing to insult a wizard so great and so old and so terrible as all that, even if you don't have to worry about him. The second meeting is to take place this afternoon. All of us have. "Sure, when I was really young." I repeat by long-remembered rote: "Rock breaks scissors, scissors. There was a purposefulness about his mien that had been lacking on his previous visit; a fierce, almost an awesome, determination that made him seem larger than life.
