

## THE COMMISSIVES IN JANE AUSTENS PRIDE AND PREJUDICE AND EMMA

In there he knew he should hurry, that the bones of the earth ached to move, and that he must become them to guide them, but he could not hurry. There was on him the bewilderment of any transformation. He had in his day been fox, and bull, and dragonfly, and knew what it was to change being. But this was different, this slow enlargement. I am vastening, he thought..that. It's not a thing you do. You have to know how to let it do. That's all the mastery."..the Dark Time, however, they were feminised and demonised in the Hardic lands by wizards, as they..Westpool got himself a wizard from Roke. He was surprised how easy it was to get one, if you paid..The Patterner pushed four pebbles into a little curve on the sand and said, "I wish the Sparrowhawk had not gone. I wish I could read what the shadows write. But all I can hear the leaves say is change, change... Everything will change but them." He looked up into the trees again with that yearning look. The sun was setting; he stood up, bade her goodnight gently, and walked away, entering under the trees..knowing. I preferred not to ask, so I turned away. A young man, wearing something that looked.."Conscience caught him," said the Namer. "Conscience told him he alone could set things right. To do it, he denied his death. So he denies life.".."Ged," he said. He bowed his head. After a while he looked up and asked, "Will you take my name from me?"..he said this. It was not what he had meant to say..At last she moved, and kissed his cheek, and whispered, "I missed you, I missed you, I missed you. How long can you stay?"..He must prove to her and himself that his dreams were meaningless..As she blew out the lamp and got into bed, the witch's daughter heard an owl calling, the little..anxious, the hunted look coming back into him, and he got up from the settle..much for good manners, he thought..He saw her smile, but she was also hesitant, and after a while she said, "Well, you're welcome..a fox. Her thoughts moved as quietly and easily as the breeze moved in the warm light..fleet on the sea, and the slaves were near rebelling, so the master brought her home as quick as..the hill towards him through the long grass. She followed no path, and walked easily, without..Oraby, Daisy and Goldie and the one they called the Burning Bush. He had to sit with the young men.."Now you," Diamond said to Rose, and she started to do what he had done, but the rock only..Hound told his master that they had the hexer in a safe place, and Losen said, "Who was he working.."Where old Early went with the great fleet. I see. Friends there. Well, I know one of the ships is..The wizard kept the name Roke in his memory, and when he heard it again, and in the same connection, he knew Hound had been on a true track again..spend some time in the Archives of the Archipelago..Heru, the Queen Mother, gave the emissary the arm ring Morred gave Elfarran; her consort Aimal had given it to her when they married. It had come down through the generations of the descendants of Serriadh, and was their most precious possession. On it was carved a figure written nowhere else, the Bond Rune or Rune of Peace, believed to be a guarantee of peaceful and righteous rule. "Let the Kargish king wear Morred's ring," the Queen Mother said. So, bringing it as the most generous of gifts and in pledge of peaceful intent, Erreth-Akbe went alone to the City of the Kings on Karego-At..with the dead are counterfeits of magic, glass to the diamond, brass to the gold. They are fraud.."Oh yes. You are uncommonly slow, young man, to recognize your own capacities." It was spoken..When Azver rejoined the other men there was something in his face that made the Herbal say, "What.."Hmn," Hound went, a short, grunting laugh. "You find what you look for, don't you? Like me." He..Crow was delighted to get a water-stained bestiary from the time of Akambar in return for five silver buttons, a pearl-hiked knife, and a square of Lorbanery silk. He sat in Hopeful and crooned over the antique descriptions of harikki and otak and icebear. But Tern went ashore on every isle, showing his wares in the kitchens of the housewives and the sleepy taverns where the old men sat. Sometimes he idly made a fist and then turned his hand over opening the palm, but nobody here returned the sign..village. He still would not let her go, holding the rain-wet, stiffened body against him as if to..in what they knew. But Hound knew pretty surely that his prisoner was concealing his talents..From the breast of his robe he took a pouch of fine leather decorated with silver threads. With a..raiding ships even as far as the Inmost Sea. Of the fourteen Kings of Havnor the last was..speak. Without a word or gesture he turned away again and left the room. As he walked slowly past..you." And when he had drunk his soup, and she was settled with her mending, he told it..shed for the cart, and straw in the stable loft for the carters. The loft was dark and stuffy and..almost immeasurable differences. One of these differences may be, or may be indicated by, the lack..rode down several levels, I think, and, getting off on the street at the bottom, was surprised to see..again at Gift, and Ged did also. She looked at them both.."I think I've found my little finder," said Gelluk. His voice was deep and soft, like the notes of..The hinny will bring me back.."It may be that Segoy is or was one of the Old Powers of the Earth. It may be that Segoy is a name.."This is called Ath's House," she said..faced the wizard again he would be destroyed. And Roke with him. Roke and its children, and Elehal..direction south. Went about the city, talking to people. Went to see his mother in Endlane..people, Morred withdrew.."I've often wondered why I let the boy in," said the Doorkeeper. "Now I begin to understand.."..breath smelled earthy. His light eyes gazed directly into Otter's eyes. "Would you like to know?.."Yes. Because. . . brit. . . doesn't work without that. Don't move!"..He sat up, sat still..greeting people, I no longer crushed their hands. That was easy. But, unfortunately, the least..In silence Dulse sought his name, and saw two things: a fir-cone, and the rune of the Closed..and forgot about her. When he was drunk sometimes he remembered her. If he could find her, he made..He smiled. Gift had never seen him smile..sorcerer, and a jealousy of him, but above all contempt. He was old, other, not one of them. Fear..The summons went unanswered..monster emptying its lungs of air, the light reappeared, the girl pushed open the door. A real..snow. Outside Thwil Bay the sea thundered on the reefs and on the cliffs all round the shores of..seven or eight years before. Sava had been one of the women of the Hand on the isle of Ark. And in our council we set. and after a while she smiled a little. Turning back to Medra, she said, "We're prisoners, and so." He's angry," Diamond said, "but he won't do anything." Tern left late that year on his journey. He had with him a boy of fifteen, Mote, a promising. still gangs of robbers on the roads. So Ivory left Westpool on the big wagon pulled by four big. Diamond had been given his truename at the springs of the Amia in the hills above Glade. The wizard Hemlock, who had known his great-uncle the Mage, came up from South Port to name him. And Hemlock was invited to his nameday party the year after, a big party, beer and food for all, and new clothes, a shirt or skirt or shift for every child, which was an old custom in the West of Havnor, and dancing on the village green in the warm autumn evening. Diamond had many friends, all the boys his age in town and all the girls too. The young people danced, and some of them had a bit too much beer, but nobody misbehaved very badly, and it was a merry and memorable night. The next morning Golden told his son again that he must think about being a man. He went slowly round to the eastern side of the hilltop, bright and warm already with the light of the sun a couple of fingers' width above the horizon. Looking under the sun he saw the roofs of a town at the head of a bay that opened out eastward, and beyond it the high line of the sea's edge across half the world. Turning west he saw fields and pastures and roads. To the north were long green hills. In a fold of land southward a grove of tall trees drew his gaze and held it. He thought it was the beginning of a great forest like Faliern on Havnor, and then did not know why he thought so, since beyond the grove he could see treeless heaths and pastures. "Well, son!" They touched cheeks. "So Master Hemlock gave you a vacation?" Listening to him, Medra thought of how he and Anieb had walked in the dark and rain by the faint. We will laugh together, galley he scented something. "Well, well," he said, "who's this?" He walked to the helm and put. His name was Ayeth. The power in him was small, tainted, corrupted by ignorance and misuse and lying. But the jealousy in him was like a stinging fire. "I've been coming doing business here some ten years," he said, looking Irioth up and down. "A man walks in from somewhere north, takes my business, some people would quarrel with that. In all his flood of talk the only word Gelluk had spoken in the Old Tongue, the language of which wizards' spells were made, was the word tures. He had said it meant semen. Otter's own gift of magery had recognized that meaning as the true one. Gelluk had said the word also meant quicksilver, and Otter knew he was wrong. times-poor, coarse food, but he ate it all, slowly, valuing it. Come evening the brother went off, of Solea, "in the orchards in the spring." He did not continue on to Enlad, but stayed with.
