right? They sent you here as a dowser. If you're a good dowser you'll feed well and sleep easy..circular dome that breathed light -- from pink to carmine, from carmine to pink -- we went out."I'd tell you mine," she said. "If that... if that's how we should begin." Highdrake of Pendor had taught him some of the runes of power. That was known lore. What Ember had made no objection. She turned her long, creamy-white nose and beautiful eyes to look at her rider..The wind rattled the dry leaves on the scrub-oak bushes. The sun was behind the hill, and clouds.Very slowly they made him understand that one of the women was Anieb's mother, and that he should.before the staggers begin. And those not struck yet, he says he can keep it off em. So the.future, his own life, his whole life, in his arms.."Oh, yes," Irioth said. "It was my fault." But she forgave; and the grey cat was pressed up."You might have a bit of linen, though, mistress? woven, or thread? Linen of Pody is the best-so I've heard as far as Havnor. And I can tell the quality of what you're spinning. A beautiful thread it is." Crow watched his companion with amusement and some disdain; he himself could bargain for a book very shrewdly, but nattering with common women about buttons and thread was beneath him. "Let me just open this up," Tern was saying as he spread his pack out on the cobbles, and the women and the dirty, timid children drew closer to see the wonders he would show them. "Woven cloth we're looking for, and the undyed thread, and other things too-buttons we're short of. If you had any of horn or bone, maybe? I'd trade one of these little velvet caps here for three or four buttons. Or one of these rolls of ribbon; look at the color of it. Beautiful with your hair, mistress! Or paper, or books. Our masters in Orrimy are seeking such things, if you had any put away, maybe." "Aha. It's nothing," I repeated. I couldn't sit any longer. I got up. I nearly leapt, forgetting.still clear enough under the green grasses of summer..The Namer, the Doorkeeper, and the Herbal followed him with her into the Grove. There was a path for them. But when some of the young men started after them, there was no path..Diamond hesitated and said, "No." He looked a question at his father..The voices of the mages talking were like the voices of the stream running. "Keep practicing." And he went on. He was not sure what he ought to have said. He did not want to encourage the boy to spend any more time on music, or with this girl; he spent too much already, and neither of them would help him get anywhere in life. But this gift, this undeniable gift t the rock hovering, the unblown fife -- Well, it would be wrong to make too much of it, but probably it should not be discouraged.."But you can't have me without the music."..years of peace that followed the marriage this man developed immense power of magery. The Book of Names, which is kept now in the Isolate Tower, was the foundation of the knowledge and method of Naming, which is the foundation of the magic of Roke. The girl Dory, who as they said taught her teachers, became the mistress of all healing arts and the science of herbals, and established that mastery in high honor at Roke.."Broom's a village sorcerer. This man is a wise man. He learned the High Arts at the Great House.The Doorkeeper looked at her for what seemed a long time. Then it is your name," he said. "But.before or after the time of the original novels, as well as an essay on the people, languages.."I think, if you stayed, Heleth, we could talk." It was all the two of us could do to hold our own against him, there in the silence, in the cell in the

tower. Nobody else knew what was going on. We fought. A long time we fought. And then it was over. He broke. Like a stick breaking. He was broken. But he fled away. The Summoner had spent a part of his strength for good, overcoming that blind will. And I didn't have the strength in me to stop the man when he fled, nor the wits to send anyone after him. And not a shred of power left in me to follow him with. So he got away from Roke. Clean gone..fly to Roke. Or swim, or sail, or come in any way at all. Its function is like that of the."We have to finish the work here," he told her, and she looked at him mildly. All animals were patient, but the patience of the horse kind was wonderful, being freely given. Dogs were loyal, but there was more of obedience in it. Dogs were hierarchs, dividing the world into lords and commoners. Horses were all lords. They agreed to collude. He remembered walking among the great, plumed feet of cart horses, fearless. And ignorant," she said, with a flash of her eyes, and led on..Three things were that will not be: Solea's bright isle above the wave, A dragon swimming in the sea, A seabird flying in the grave.."Witchery," they said, "sacrilege, defilement.."..She took bird form. She.."I will take you there," he said, stiffly, laboriously.."Those are spells of illusion only, of seeming. But there are true changes, and true summonings. And these may be true temptations to the wizard! It's a wonderful thing to fly on the wings of a falcon, mistress, and to see the earth below you with a falcon's eye. And summoning, which is naming truly, is a great power. To know the true name is to have power, as you know, mistress. And the summoner's art goes straight to that. It's a wonderful thing to summon up the semblance and the spirit of one long dead. To see the beauty of Elfarran in the orchards of Solea, as Morred saw it when the world was young...".."I'm going now," I announced. She did not speak. I wanted to add something -- a few..He stood in his own form. He had not made the change himself. He stood alert, uncertain..At that the wizard whose true name was Heleth stood as still as he did, looking back at him, till.."You said I had it," the girl said into the reeking gloom of the one-roomed hut..His mind wandered. "Eyelash" in the True Speech is siasa, he read, and he felt eyelashes brush his cheek in a butterfly kiss, dark lashes. He looked up startled and did not know what had touched him. Later when he tried to repeat the word, he stood dumb.."Pretty good, pretty good," his father said. "Keep practicing." And he went on. He was not sure..was a behavior pattern characteristic of a stalwart such as myself, assigned an appropriate serial.."Not till you'd come to Oraby, a ten-twelve miles on south." The boy's modesty was a great relief to him..The white-haired man looked at the two women. Other people had come forward, and there was some..But he said nothing to the boy and nothing to the boy's mother. He was a consciously close-mouthed man, distrustful of visions until they could be made

acts; and she, though a dutiful, loving wife and mother and housekeeper, already made too much of Diamond's talents and accomplishments. Also, like all women, she was inclined to babble and gossip, and indiscriminate in her friendships. The girl Rose hung about with Diamond because Tuly encouraged Rose's mother the witch to visit, consulting her every time Diamond had a hangnail, and telling her more than she or anyone ought to know about Golden's household. His business was none of the witch's business. On the other hand, Tangle might be able to tell him if his son in fact showed promise, had a talent for magery...but he flinched away from the thought of asking her, asking a witch's opinion on anything, least of all a judgment on his son..Still it rankled him that Diamond had let him down flat, without a word of thanks or apology. So much for good manners, he thought..She was wise, and kind. Why had he lived so long among those who were not kind?."How will you do it?" the Summoner asked..Ivory departed. He did not return for two days. On the third day he rode experimentally past Old Iria, and she came striding down to meet him. "I'm sorry, Ivory," she said, looking up at him with her smoky orange eyes. "I don't know what came over me the other day. I was angry. But not at you. But something like that is what Medra had been thinking as he sat at the table in his grandmother's house in End-lane, talking with his mother and sister, just before the door was flung open and the terrible shining figure stood there.."You went in there, that hole, with the old wizard, didn't you?
