

THE THREE HOUR SERMON ON GOD SIN AND SALVATION BY PAUL KANAMORI

Six to seven hundred years ago a sky-god religion began to spread across the islands, a development of the worship of the Twin Gods Atwah and Wuluah, originally heroes of a desert saga from Hur-at-Hur. A Sky Father was added as head of the pantheon, and a priestly caste developed to lead the rites. Without suppressing the worship of the Old Powers, the priests of the Twin Gods and the Sky Father began to professionalise religion, managing the rituals and festivals, building increasingly costly temples, and controlling public ceremonies such as marriages, funerals, and the installation of officials..me so that she could learn how to do it! "Come now. No wonder I kept thinking.By the beginning of autumn, Losen was hanging by a rope round his feet from a window of the New Palace, rotting, while six warlords quarreled over his kingdom, and the ships of the great fleet chased and fought one another across the Straits and the wizard-troubled sea..Trusting the messenger, Morred entered the trap. He barely escaped with his life. The Enemy.said, Irian. Why you came I don't know, but not by chance. The Summoner too knows that."He had forced them to boil any water they used. She unrolled her.Ogion, obedient, bringing himself back to himself in the stuffy, tapestried room in Gont Port, did not understand the old man's joke until he turned to the window and saw the Armed Cliffs down at the end of the long bay, the jaws ready to snap shut. "I will," he said, and set to it..bold and graceful, her head carried high..A quarrel between brothers over their inheritance divided them. One heir mismanaged his estate through greed, the other through foolishness. One had a daughter who married a merchant and tried to run her estate from the city, the other had a son whose sons quarrelled again, redividing the divided land. By the time the girl called Dragonfly was born, the domain of Iria, though still one of the loveliest regions of hill and field and meadow in all Earthsea, was a battleground of feuds and litigations. Farmlands went to weeds, farmsteads went unroofed, milking sheds stood unused, and shepherds followed their flocks over the mountain to better pastures. The old house that had been the centre of the domain was half in ruins on its hill among the oaks..Ath did not. His book, lost for centuries, is now in the Isolate Tower on Roke.."Nais. . ." I said quietly. Many people in the west of Havnor had hair like that..reason."."Captain," he said, "I'm sorry, I must wait to spell your sails. An earthquake is near. I must warn the city. Do you tell them down there, every ship that can sail make for the open sea. Clear out, past the Armed Cliffs! Good luck to you." And he turned and ran back up the street, a tall, strong man with rough greying hair, running now like a stag..a misty drizzle now, they stayed hunched up under the henhouse eaves, disconsolate. The fire whispered..Dulse paused. "He was my master. Would have been my friend, perhaps, if I'd stayed on Roke. Have wizards friends? No more than they have wives, or sons, some would say.... Once he said to me that in our trade it's a lucky man who finds someone to talk to. Keep that in mind. If you're lucky, one day you'll have to open your mouth."..As he left the battlefield it began to rain, and he saw his enemy's true name written in raindrops in the dust..let out again last year, as you may recall."..that the working of any spell would rouse Gelluk. So he went as a weatherworker on the.Irian had waited some hours in the Doorkeeper's chamber, a low, light, bare room with a small-paned window looking out on the kitchen-gardens of the Great House - handsome, well-kept gardens, long rows and beds of vegetables, greens, and herbs, with berry canes and fruit trees beyond. She saw a burly, dark-skinned man and two boys come out and weed one of the vegetable plots. It eased her mind to watch their

careful work. She wished she could help them at it. The waiting and the strangeness were very difficult. Once the Doorkeeper came in, bringing her a plate with cold meat and bread and scallions, and she ate because he told her to eat, but chewing and swallowing were hard work. The gardeners went away and there was nothing to watch out the window but the cabbages growing and the sparrows hopping, and now and then a hawk far up in the sky, and the wind moving softly in the tops of tall trees, on beyond the gardens..They both looked at me. Their faces, when they raised them, took on a startled expression.. "Nothing to do with us, that lot at the old place," Birch said, displeased. The tactful Ivory asked no more. But he wanted to see the girl as beautiful as a flowering tree. He rode past Old Iria regularly. He tried stopping in the village at the foot of the hill to ask questions, but there was nowhere to stop and nobody would answer questions. A wall-eyed witch took one look at him and scuttled into her hut. If he went up to the house he would have to face the pack of hellhounds and probably a drunk old man. But it was worth the chance, he thought; he was bored out of his wits with the dull life at Westpool, and was never slow to take a risk. He rode up the hill till the dogs were yelling around him in a frenzy, snapping at the mare's legs. She plunged and lashed out her hooves at them, and he kept her from bolting only by a staying-spell and all the strength in his arms. The dogs were leaping and snapping at his own legs now, and he was about to let the mare have her head when somebody came among the dogs shouting curses and beating them back with a strap. When he got the lathered, gasping mare to stand still, he saw the girl as beautiful as a flowering tree. She was very tall, very sweaty, with big hands and feet and mouth and nose and eyes, and a head of wild dusty hair. She was yelling, "Down! Back to the house, you carrion, you vile sons of bitches!" to the whining, cowering dogs..lines with his hands, so; and he was free.. A school for wild boars, he thought, a college for dragons! But that there was some kind of scheming and gathering together of men of power on Roke seemed probable, and the idea of any league or alliance of wizards appalled him more the more he thought of it. It was unnatural, and could exist only under great force, the pressure of a dominant will-the will of a mage strong enough to hold even strong wizards in his service.
