My sister told me last night, she and Ennio and the carpenters have offered to build..She pondered - conversation with her was often a slow business - and said, "Rose always said I had power, but she didn't know what kind. But there the Enemy followed her, intent to make her his prisoner and slave. She took refuge at the Springs of Ensa, where, with her knowledge of the Old Powers of the place, she could withstand the Enemy and force him off the island. "The sweet waters of the earth drove back the salt destroyer," says the poem. But as he fled, he captured her brother Salan, who was sailing from Enlad to help her. Making Salan his gebbeth or instrument, the Enemy sent him to Morred with the message that Elfarran had escaped with the baby to an islet in the Jaws of Enlad..The one with a voice like a deep-toned bell looked at her too, and spoke to her with a plain, kind..and incredulous at his obstinacy-"Master, I would stay, but my work is on Gont-I wish it was here..Irioth came up onto the doorstep. For years they'd been thick as thieves, against all his warnings, and now Tangle was never anywhere near the house. Women's friendships never lasted. He teased her about it. Finding her strewing pennyroyal and miller's-bane in the chests and clothes-presses against an infestation of moths, he said, "Seems like you'd have your friend the wise woman up to hex 'em away. All her will was aimed on walking forward; she had nothing else in her mind, not him, not anything. But she was there bodily with him, and he felt her presence as keenly and strangely as when she had come to his summoning. The rain ran down her naked head and body. He made her stop to put on his shirt. He was ashamed of it, for it was filthy, he having worn it all these weeks. She let him pull it over her head and then walked right on. She could not go quickly, but she went steadily, her eyes fixed on the faint cart track they followed, till the night came early under the rain clouds, and they could not see where to set their feet..see the fire shine in that! She did not speak, but looked down the path, and then.Reluctant, he stepped forward, barefoot and bare-legged; he had rolled up his cloak into his pack an hour ago when the sun came out. Reeds brushed his legs. The mud was soft and sucking under his feet, full of tangling reed-roots. He made no noise as he moved slowly out into the pool, and the circles of ripples from his movement were slight and small. It was shallow for a long way.
