Or the twig can be grafted to the branch of another tree (of a different variety even), where it can grow and flourish. In either case, it is an organism with a single parent, and sex has had nothing to do with its making. It is because human beings first encountered this asexual form of reproduction, hi connection with fruit trees probably, that such a one-parent organism of non-sexual origin is called a "twig"; that is, "clone"..She was in time to see McKillian and Ralston hurrying into the lab at the back of the ship. There was.publisher's category (that, historically, is what it is) of heroic fantasy. I don't need to bad-mouth Pool Andersen, James Blish having already adequately done so, calling him (in his heroic phase) "the Thane of Minneapolis. . . . Anderson can write well, but this is seldom evident while he is in his Scand avatar, when he seems invariably to be writing in his sleep." (The Issue at Hand, p. 72.) That our literary heritage began with feudal epics and marchen is no reason to keep on writing them forever.
