

PLAN AND LEGACY OF THE LATE REVEREND DR BUSBY DELIVERED IN THE PAR

He'd been invited to a Christmas Eve celebration with a satanic theme, but he hadn't intended to go. The party was not being thrown by real Satanists, which might have been interesting, but by a group of young artists, all nonbelievers, who shared a wry sense of humor..As though frightened of the gentle certainty in Celestina's eyes, the doctor turned away from her, and toward the window once more..When the third knave of spades appeared, Edom said to Maria, "What kind of enemy does three in a row describe?". Getting out of the stuffy car into air much chillier than it had been when he'd left this place, Junior stood unsteadily as the police and the paramedics gathered around him. Then he led them through the wild grass to Naomi, moving haltingly, stumbling on small stones that the others navigated with ease.. "Nervous," he said, and howled when one of the paramedics proved to be a sadist masquerading as an angel of mercy..In this case, he was sure that vanity was not a fault, not the result of a swollen ego, but merely healthy self-esteem. That he was irresistible to women wasn't simply his biased opinion, but an observable and undeniable fact, like gravity or the order in which the planets revolved around the sun..She was lost in his eyes: She wanted to pass through his eyes as Alice had passed through the looking glass, follow the beautiful radiance that was fading now, go with him through the door that had been opened for him and accompany him out of this rain-swept day into grace..They hadn't been close to Naomi, who'd once said she felt like Romulus and Remus, raised by wolves, or like Tarzan if he'd fallen into the hands of nasty gorillas. To Junior, Naomi was Cinderella, sweet and good, and he was the love-struck prince who rescued her..In bed, lights out, Junior marveled at his daredevil spirit. He never stopped surprising himself..Junior hadn't suffered a paranormal experience since the early- morning hours of October 18, when he'd drifted up from a vile dream of worms and beetles to hear the ghostly singer's faint a cappella serenade. Shouting at her to shut up, he had awakened neighbors..On the lawn, Koko, their four-year-old golden retriever, was lying on her back, all paws in the air, presenting the great gift of her furry belly for the rubbing pleasure of young Mistress Mary.. "When your hands are bigger," Tom agreed, "I'm sure you could. In fact, one day I'll teach you..". Usually, he remained still, tense, listening, until enough silence convinced him that the sounds he'd heard had been in the dream, not in the real world. If silence didn't settle him, he went into the living room, only to discover that she was always where he had left her, fork-and-fan-blade face wrenched in a soundless scream.. "Sometimes she wrote little paragraphs to God, very touching and humble notes of gratitude, thanking Him for bringing you into her life..". Her mother and father still resided in a world where Phimie was alive. Bringing them from that old reality to this new one would be the second-hardest thing Celestina had ever done..In his masterpiece *The Beauty of Rage: Channel Your Anger and Be a Winner*, Zedd explains that every fully evolved man is able to take anger at one person or thing and instantly redirect it to any new person or thing, using it to achieve dominance, control, or any goal he seeks. Anger should not be an emotion that gradually arises again at each new justifiable cause, but should be held in the heart and nurtured, under control but sustained, so that the full white-hot power of it can be instantly tapped as needed, whether or not there has been provocation..Junior had walked along the big show windows, studying the two White paintings displayed to passersby, appalled by their beauty, when suddenly the door had opened and a gallery employee had invited him to come in. No printed invitation needed, no cool test to pass, no bouncers keeping the gate. Such easy accessibility served as proof, if you needed it, that this was not real art..She thought all that, but she closed her eyes and said: "I'll be okay. Give me a second here, all right?". and proceeded to turn it across his knuckles as swiftly and smoothly as he could with his right hand..The paramedic snatched the oxygen feed from his patient's nose and quickly elevated his head, providing a purple towel to catch the thin ejecta..Uncommonly healthy, he didn't suffer croup, flu, sinusitis, or most of the ailments to which other children were vulnerable..One hand on the railing, he ascended the first three steps slowly. Pausing on each, he slid his foot forward and back on the carpet, runner to judge the depth of the tread relative to his small foot. He ran the toe of his right shoe up and down the riser between each tread, gauging the height.. "Search me. But I didn't tell him different. The less he knows, the better. I can't figure his motivation, but if you were tracking this guy by his spoor, you'd want to look for the imprint of cloven hooves..". A flicker of complacency showed in Otters' tired, battered young face. "No," he said. "I don't think anybody can..". As she tucked the bedclothes around him again, she said, "Barty, I don't think you should let anyone else see how you can walk in the rain without getting wet. Not Edom and Jacob. Not anyone at all. And anything else special that you discover you can do ... we should keep it a secret between you and me..". The high point of his day was coming home to Perri. They met when they were thirteen, married at twenty-two. In May they would celebrate their twenty-third anniversary..Bolting up from the couch-"Mom, are you there?"--she turned to Tom, her face collapsing in a ghastly expression..Angel brightened at the sight of the coin turning end-over-end across his knuckles. "I could learn to do that," she asserted..Another stiff might have required dragging; but Neddy weighed hardly more than a five-foot-ten breadstick. Junior hauled the body off the ground and slung it over one shoulder in a fireman's carry.. "I know what you mean. Mr. Cain, I'd never turn my back on that much money if there was any damn way at all I could earn it..". During the following ten days, he withdrew money from several accounts. He converted selected paper assets into cash, as well..Her voice grew thinner when she spoke to Angel, but in this new frailty, Barty heard such love that he shook at the power of it. "God's in you, Angel, so strong you shine, and nothing bad at all..". When he woke, he was in a hospital bed, his upper body slightly elevated. The only illumination was provided by a single window: an ashen light too dreary to be called a glow, trimmed into drab ribbons by the..As outgoing as his twin uncles were introverted, Barty didn't withdraw from the festivities. Agnes never needed to remind him that family and guests took precedence over even the most fascinating characters in fiction, and the boy's delight in the company of others pleased his mother and

made her proud..Everything was proceeding precisely as Junior had envisioned in the instant when Naomi had first discovered the rotten section of railing and had nearly fallen without assistance. The entire plan had come to him, wholly formed, in a blink, and during the following two circuits of the observation deck, he had mulled it over, seeking flaws but finding none..He intended to mash the sole of Victoria's right shoe in the pat of butter and leave a long smear on the floor, as though she slipped on it and fell toward the ovens..The second and third rooms proved to be deserted, as well, and as muffled as the cushioned spaces of a funeral home, but an office was tucked discreetly at the back of the final chamber. As Junior crossed the third room, apparently monitored by closed-circuit security cameras, a man glided out of the office to greet him..Junior must have shouted shut up more than he realized, because the neighbors began to pound on the wall to silence him.."Hasn't the sheriff's department already reached a determination of accidental death?" Parkhurst asked. "They're good men, good cops, every last one of them," said Vanadium, "and if they've got more pity in them than I do, that's a virtue, not a shortcoming. What could Mr. Cain have taken to make himself vomit?" Simon Magusson, lacking family, had left his estate to Tom. This came as a surprise. The sum was so considerable that even though Tom was on a dispensation from his vows, which included his vow of property, he was uncomfortable with his fortune. His comfort was quickly restored by contributing the entire inheritance to Pie Lady Services. They had been brought together by two extraordinary children, by the conviction that Barty and Angel were part of some design of enormous consequence. But more often than not, God weaves patterns that become perceptible to us only over long periods of time, if at all. After the past three eventful years, there were now no weekly miracles, no signs in the earth or sky, no revelations from burning bushes or from more mundane forms of communication. Neither Barty nor Angel revealed any new astonishing talents, and in fact they were as ordinary as any two young prodigies can be, except that he was blind and she served as his eyes upon the world..Edom, who had never made it big, medium, or little, watched his sister blur before him. He strove to contain the shimmering hotness in his eyes. His love was not for magic, and his pride was not in any skill he possessed, for he possessed none worth noting. His love was for his good sister; she was his pride, too, and he felt that his small life had precious meaning as long as he was able to drive her on days like this, carry her pies, and occasionally make her smile..They wore out a lot of cards and kept a generous supply of all types of decks on hand..From the darkness of his room, Barty now spoke the words for which Agnes had been waiting, his whisper soft yet resonant in the quiet house: "Good-night, Daddy."..Atop the dead woman, Vanadium's leather ID holder ignited. The identification card would bum, but the badge was not likely to melt. The police would also identify the revolver.."When you didn't answer the doorbell, man, I just knew what must have happened," Chicane told Junior..In spring, summer, and fall, they brightened the grave with the roses that Edom grew in the side yard. In this less rose-friendly season, these Christmas bouquets had been purchased at a flower shop..All windows opening onto the fire escape featured a laminated sandwich of glass and steel-wire mesh to prevent easy access by burglars. Tom Vanadium knew all the tricks of the best B-and-E artists, but he didn't need to break in order to enter here..He moved the shaker across the tablecloth, rocking it back and forth to convey that he was strolling without a care in the world.."But in 'This Momentous Day,' Bartholomew is just the disciple, the historical figure, and he's also a metaphor for the unforeseen consequences of even our most ordinary actions."..Needlepoint, meditation, and even sex had not recently provided him with significant relief of tension. The paintings of Sklent and the works of Zedd were packed in the van, where he couldn't at the moment take solace from them..With some sharp instrument, probably a knife, Cain had stabbed and gouged the red letters, working on the wall with such fury that two of the Bartholomews were barely readable anymore. The Sheetrock was marked by hundreds of scores and punctures..Parkhurst said, "We've eliminated most other possible causes. You don't have acute myelitis or meningitis. Or anemia of the brain. No concussion. You don't have other symptoms of Meniere's disease. Tomorrow, we'll conduct some tests for possible brain tumor or lesion, but I'm confident that's not the explanation, either."..In a rocking chair, holding her tiny son in her arms, Agnes cried quietly. Often, Barty slept through her weeping. Awakened, he smiled or squinched his face into a puzzled frown..Wednesday morning, January 10, he wired one and a half million dollars from the Gammoner account to Pinchbeck in Switzerland. Then he closed out the account in the Grand Cayman bank..Rubbermaid container from his own pantry. Junior would never again use it to store leftover soup.."-and when I get up off the street, my clothes are a mess, and I've got this face.".."I don't know." He was silent a moment. "That's what's going to be interesting.".."For one thing, jurors might conclude that the authorities never really suspected you and tried to frame you for murder to conceal their culpability in the poor maintenance of the tower. By far, most of the cops think you're innocent anyway."..At the end of their second date, however, Frieda invited Junior up to her apartment, to see her Lientery collection and, no doubt, to take a ride on the Cain ecstasy machine. She owned seven canvases by the painter, received as partial payment of his PR bills..The hospital room was softly lighted, and shadows roosted on all sides like a flock of slumbering birds..Bartholomew might be a teenager living with his parents or a dependent adult residing with family; if so, he wouldn't be revealed in this search, because the phone would not be listed in his name. Or maybe the guy loathed his first name and never used it except in legal matters, going by his middle name, instead..Junior considered leaving before Vanadium-still seventy-five yards away-arrived. He was afraid he would appear to be fleeing..But on March 23, 1966, after a bad date with Frieda Bliss, who collected paintings by Jack Lientery, an important new artist, Junior had an experience that rocked him, added significance to the episode in the diner, and made him wish he hadn't donated his pistol to the police project that melted guns into switchblades..She didn't have an appetite, anyway. Joey was too much on her mind. The safe birth of a healthy child was a blessing, but it wasn't compensation for her loss. Although by nature resistant to depression, she now had a darkness in her heart that would not relent before a thousand dawns or ten thousand. If a mere nurse had insisted that she eat, Agnes would not have been

persuaded, but she couldn't hold out against the insistent importuning of one special seamstress..The car shuddered, wrenched steel screamed, and a cry of triumph rose from the rescuers..All the way back to the ridge, sitting up front beside a county deputy in a police cruiser, with an ambulance and other patrol cars racing close behind them, Junior had shaken uncontrollably. When he tried to respond to the officer's questions, his uncharacteristically thin voice cracked more often than not, and he was able to croak only, Jesus, dear Jesus," over and over..With no clear awareness of having left the guest room, Paul looked down the enclosed stairs..Although the only light on the back porch came from the pale beams that filtered out through the curtains on the kitchen windows, all these faces seemed luminous, almost preternaturally aglow, like the kiln-fired countenances of saints in a dark church, lit solely by the flames of votive candles. The rain-a music of sorts, and the jasmine and incense, and the moment sacred..As Barty ascended higher, Agnes's fear became purer, but at the same time, she was filled with a wonderful, irrational exhilaration. That this could be accomplished, that the darkness could be overcome, struck music from the harpstrings of the soul. From time to time, the boy paused, perhaps to rest or to mull over the three-dimensional map in his incredible mind, and every time that he started upward again, he put his hands in exactly the right place, whereupon Agnes would speak a silent inner yes! Her heart was with Barty high in the tree, her heart in his, as he had been with her, safe inside her womb, on the rainy twilight that she had ridden the spinning, tumbling car to widowhood..Grace and Celestina fell at once into the rhythms of kitchen work, not only brewing the coffee, but also helping Agnes with the pies..DOWN SHE WENT, abruptly and hard, with a clatter and thud, her natural grace deserting her in the fall, though she regained it in her posture of collapse..Likewise, she wasn't prepared to deal with a monster like the father, if one day he came for Angel. And he would come. She knew. In these events as in all things, Celestina White glimpsed a pattern, complex and mysterious, and to the eye of an artist, the symmetry of the design required that one day the father would come. She wasn't prepared to deal with the creep now, but by the time that he arrived, she would be ready for him..He felt so happy, he was improving every day in every way, life just got better-but then something happened that was worse than the shooting. It ruined his day, his week, the rest of his year..Consequently, Edom was abroad in the land with pies and parcels, following a list of names and addresses provided by his sister, even though he believed an unprecedentedly violent earthquake, the fabled Big One, was likely to strike before noon, certainly before dinner. This was the last day of the rest of his life..And the irony of ironies: With her talent deepening to a degree that she had never dared hope it would, with collectors responding to her vision to an extent she had never imagined possible, with her goals already exceeded, and with great vistas of possibility opening before her, she would throw it all away with some regret but with no bitterness if required to choose between art and Angel, for the child had proved to be the greater blessing. Phimie was gone, but Phimie's spirit fed and watered her sister's life, bringing forth a great abundance..Glorying in the cloudless day and the warmer than usual weather, he drove seventy miles north, through phalanxes of evergreens that marched down the steep hills to the scenic coast. All the way, he monitored the traffic in his rearview mirror. No one followed him.."A friend's daughter. They say she died in a traffic accident down in San Francisco. She was even younger than Naomi..".She wanted to go to San Francisco with Celestina, to have the baby in the city, where the father-and not incidentally her friends and Reverend White's parishioners-would never know she'd given birth. The more her parents and sister argued against this plan, the more agitated Phimie became, until they worried that they would jeopardize her health and mental stability if they didn't do as she wished..At 3:22 in the morning, December 13, following a busy day of conducting ghost research, seeking Bartholomews in a telephone book, and working on his needlepoint, Junior awakened to singing. A single voice. No instrumental accompaniment. A woman..Her name was Victoria Bressler, and she was an attractive blonde. She would never have been serious competition For Naomi, because Naomi had been singularly stunning, but Naomi, after all, was gone..Among Junior's many gifts, his ability to focus might have been the most important. Bob Chicane, his former instructor in matters meditative, had called him intense and even obsessive, following the painful incident involving meditation without seed, but intensity and obsession were false charges. Junior was simply focused.To the growing pile of ruin, she added one of Joey's cardigan sweaters, after popping loose one bone button and almost completely detaching a sewn-on patch pocket. A pair of knockabout khaki pants: quickly clip open the seat seam; cut the corner of the wallet pocket, then rip it with both hands; snip loose some stitching and half detach the cuff on the left leg.."Guilt," said the detective. "If he killed her, wouldn't an overwhelming sense of guilt be as likely as anguish to cause acute nervous emesis?".When people didn't apply themselves to positive goals, to making better lives for themselves, they spent their energy in wickedness. Then..That saving smile once more returned lost harmony to the scarred and broken face. "Not me. From my perspective, psychology is just one more of those easy sources of false meaning-like sex, money, and drugs. But I will admit to knowing a thing or two about evil..".Reading about child prodigies, Agnes learned that most if not all math whizzes also possessed musical talent. To a lesser but still impressive extent, many young geniuses in the music world were also proficient at math.."I knew," said Wally, braking for a red traffic light, "that you'd be thinking of Phimie now, and thinking of her would lead you to your father's words, because as short as her life might have been, Phimie was a Bartholomew. She left her mark..".On that busy night, with Vanadium's corpse in the Studebaker and Victoria's cadaver awaiting a fiery disposal at her house, Junior was too distracted to recognize the pertinence of the message. Now it tormented him from a dark nook in his subconscious..Rolling onto her side, fumbling in the dark, Celestina White snared the phone on the third ring. Her hello was also a yawn..The unmatched suite of bedroom furniture, cheap and scarred, might have been purchased at a thrift shop. A double bed and one nightstand. A small dresser..In the morning, after Agnes showered and dressed, when she went downstairs, she discovered Barty already at the kitchen table, eating a bowl of cereal while riveted to the book. Finished with breakfast, he returned to his room, reading as he went..He turned over the two most recent

discards. Neither was a jack of spades, and both were what he expected them to be..Exactly. The shock. The devastating loss. Junior felt it now, anew, and was afraid he might betray himself with tears, although he seemed to be done with vomiting..Seven or eight years after Tehanu was published, I was asked to write a story set in Earthsea. A mere glimpse at the place told me that things had been happening there while I wasn't looking. It was high time to go back and find out what was going on now..Being ruthlessly honest with himself, as always, he acknowledged that killing Tammy would not solve his problem. She might have told friends and colleagues about the Rolex, just as she had surely shared with her girlfriends the juiciest details about Junior's unequalled lovemaking. During the two months that he and the cat woman dated, others had heard her call him Eenie. He couldn't kill Tammy and all her friends and colleagues, at least not on a timely enough schedule to thwart the police..Similarities between Naomi and her mom- ended with appearances. Sheena was loud, crass, self-absorbed, and had the vocabulary of a brothel owner specializing in service to sailors with Tourette's syndrome..He raised the lower sash of the tall double-hung window and slipped quietly into the dark kitchen. Because the window served also as an emergency exit, it wasn't set above a counter, and ingress was easy..Edom removed two of the pies from the table and put them on the counter near the ovens..Maybe he went a little crazy then. He wouldn't deny a brief, transient madness..Because he hadn't heard Victoria Bressler speak in so long-and then only on two occasions-and because the woman on the phone had spoken so softly, Junior couldn't tell whether or not their voices were one and the same..The ghost cop was forty feet behind him, beyond ranks of other pedestrians, every one of whom might as well have been faceless now, smooth and featureless from brow to chin, because suddenly Junior could see no countenance other than that of the walking dead man. The haunting visage bobbed up and down as the grim spirit strode along, vanishing and reappearing and then vanishing again among all the bobbing and swaying heads of the intervening multitudes..you greater strength and determination than any other motive. But you should know this much.... You need to keep her safe for another reason. She's special. I don't want to explain why she's special or how I know that she is, because this isn't the time or place, not with your dad's death and Wally in the hospital and you still shaky from the attack."Under Celestina's guidance, the menfolk-Wally, Edom, Jacob, Paul, Tom-had packed cartons of canned and dry goods, plus numerous boxes of new spring clothing for the children on their route. All those items had been loaded into the vehicles the previous evening..Thrilled to have inspired this awe in her, he closed the book. "Remember what we talked about a long time ago? You asked me how come, if I could walk where the rain wasn't. . . ".Paul withdrew the pistol from the drawer. The weapon didn't feel as good to him as guns always felt in the hands of pulp heroes.."Uncle Edom. Uncle Jacob. Aunt Maria. So I can remember faces after ... you know."Nevertheless, Thomas Vanadium's hostile ghost, that terrible prickly bur of stubborn energy, wasn't done with Junior yet. Until Bartholomew was dead, the cop's filthy-scabby-monkey spirit would keep coming back and coming back, and it would surely grow more violent.
