through that door, even for a moment, what a sweet revenge it would be! Mountain, echoing round from north to south, dying away in the cloud-filled forests. Otter avoided them. Where they were was plain enough: the dusty pathways bent to miss them. The roasting pit took up the center of a huge domed chamber. Hurrying, sticklike figures black against the blaze shoveled and reshoveled ore onto logs kept in a roaring blaze by great bellows, while others brought fresh logs and worked the bellows sleeves. From the apex of the dome a spiral of chambers rose up into the tower through smoke and fumes. In those chambers, Licky had told him, the vapor of the quicksilver was trapped and condensed, reheated and recondensed, till in the topmost vault the pure metal ran down into a stone trough or bowl-only a drop or two a day, he said, from the low-grade ores they were roasting now. flashed a sign: HERE HAAAAHA. It disappeared. I went toward it. Again the HERE HAAAAHA lit up. She knew he was right. The willows had grown, these two years. There was only a little space to sit among the green. "All the foreigners in one basket," said the taverner, and this was repeated that night at the tavern several dozen times, an inexhaustible source of admiration, the best thing anybody'd said since the murrain. He thought what he must do, and how he must do it. He wasn't sure whether he had summoned her or the lead galley, whose hundred oars flashed beating like the wings of a gull. Sometimes he was. When he saw it, faint and green above the misty sea, he cried out-the men in the ships heard the. with the King of the Kargad Lands. "I'll tell him that the changes in a man's life may be beyond all the arts we know, and all our wisdom," said the Archmage. He looked at Emer again. "May he stay here, mistress? Is that your wish as well as his?" "Ah," said the Patterner. "Hard for the housekeeper to give up the keys when the owner comes home." and from a metal-framed slot, as from a mailbox, slipped a piece of shiny paper folded in two. I. He asked her to stay, he did not tell her to. All she could do was nod. "I guess he did. Another curer came up this way, a fellow that's been by here before. Doesn't. So the pattern of the years was set for Tern. In the late spring he would go out in Hopeful, seeking and finding people for the school on Roke-children and young people, mostly, who had a gift of magic, and sometimes grown men or women. Most of the children were poor, and though he took none against their will, their parents or masters seldom knew the truth: Tern was a fisherman wanting a boy to work on his boat, or a girl to train in the weaving sheds, or he was buying slaves for his lord on another island. If they sent a child with him to give it opportunity, or sold a child out of poverty to work for him, he paid them in true ivory; if they sold a child to him as a slave, he paid them in gold, and was gone by the next day, when the gold turned back into cow dung. Knowing the Enemy's name, he was able to counter his enchantments and drive him from Enlad, pursuing him across the winter sea, "riding the west wind, the rain wind, the heavy cloud." Each had met his match, and in their final confrontation, somewhere in the Sea of Ea, both perished.. strong man with rough greying hair, running now like a stag.. think anybody can." occasionally the blur of a face shone, once I even brushed by someone. TARRY'S MALICE had left his nerves raw, and the thought of the party weighed on him till he lost his appetite. He thought hopefully for a while that he was sick and could miss the party. But the day came, and he was there. Not so evidently, so eminently, so flamboyantly there as his father, but present, smiling, dancing. All his childhood friends were there too, half of them married by now to the other half, it seemed, but there was still plenty of flirting going on, and several pretty girls were always near him. He drank a good deal of Gadge Brewer's excellent beer, and found he could endure the music if he was dancing to it and talking and laughing while he danced. So he danced with all the pretty girls in turn, and then again with whichever one turned up again, which all of them

did..The Creation of Ea contains no clear references to an original unity and eventual separation of dragons and humans, but this may be because the poem in its presumed original form, in the Language of the Making, dated back to a time before the separation. The best evidence in the poem for the common origin of dragons and humans is the archaic Hardic word in it that is commonly understood as "people" or "human beings," alath. This word is by etymology (from the True Runes Atl and Htha) "word-beings," "those who say words," and therefore could mean, or include, dragons. Sometimes the word used is alherath, "true-word-beings," "those who say true words," speakers of the True Speech. This could mean human wizards, or dragons, or both. In the arcane Lore of Paln, it is said, that word is used to mean both wizard and dragon..did it told me. She talked about her son on Roke. Calling out to him to come, you know. And he too felt a lethargy in his own body and mind, a stupidity, which he fought against but could not shake off. He stopped now and then and sniffed. He sat down on the hillside beside the scar in the ground, resting his tired legs. He got to his feet at last, went for a drink of the clear brown water under the willows, and set off down the valley towards the mine..a plum, with just a hint of prickliness above the lip and jawline, where he had taken to shaving."I didn't understand," Irioth said, "about the others. To know the true name is to have power, as you know, mistress. And the summoner's art goes straight to that. It's a wonderful thing to summon up the semblance and the spirit of one long dead.
