

## WILD GARLIC

The sidewalks were crowded with businessmen in suits, hippies in flamboyant garb, groups of smartly attired suburban ladies in town to shop, and the usual forgettably dressed rabble, some smiling and some surly and some mumbling but as blank-eyed as mannequins, who might be hired assassins or poets, for all he knew, eccentric millionaires in mufti or carnival geeks who earned their living by biting heads off live chickens..Perhaps, reluctant to admit to herself that she had yearned for him to do everything that he'd done, she had slowly been inflamed by guilt, until she convinced herself that she had, indeed, been raped. Psychotic little bitch..Although the piano was at some distance and the restaurant was a little noisy, Kathleen recognized the tune at once. She looked up from her veal, her eyes full of merriment..Behind them, the door rebounded forcefully from a rubber-tipped stopper and closed with a thud. The lock wasn't engaged, however, and they might be interrupted momentarily..A quick tug on each pants cuff revealed no ankle holster, which was how many cops would choose to carry an off-duty piece..Kathleen Klerkle, Mrs. Wulfstan, sitting on the edge of Nolly's desk, looked diagonally across it at the visitor in the client's chair. Actually, Nolly had two chairs for clients. Kathleen could have sat in the second; however, this seemed to be a more appropriate pose for a hawkshaw's dame. Not that she was trying to look cheap; she was thinking Myrna Loy as Nora Charles in *The Thin Man*-worldly but elegant, tough but amused..Nolly, Kathleen, and Sparky had prepared him for *Industrial Woman*, but when the flashlight beam flared off her fork-and-fan-blade face, Vanadium twitched in fright. Without fully realizing what he was doing, he crossed himself..Seeing her, Joey leaped up front his armchair again. He managed to hold on to his book this time, but he stumbled into the footstool and nearly lost his balance.."The exquisite kind," he replied, glad that he had read so many books on the art of seduction and therefore knew precisely the right thing to say.."Oh, it doesn't mean you're nervous in that sense. Nervous in this case means psychologically induced. Grief, Enoch. brief and shock and horror-they can have profound physical effects."Instinct, even reason, told him that some connection existed between this person, this Bartholomew, and Celestina. The name had terrified Cain in a bad dream, the very night of the day that he'd killed Naomi, and Vanadium therefore had incorporated it into his psychological-warfare strategy without knowing its significance to his suspect. As strongly as he sensed the connection, he couldn't find the link. He lacked some crucial bit of information..Celestina's question had been about Phimie, but they had told her about the baby, and she was alarmed by their evasion..AS GREASY WITH FEAR sweat as a pig on a slaughterhouse ramp, Junior woke from a nightmare that he could not remember. Something \*is reaching for him-that's all he could recall, hands clutching at him out of the dark-and then he was awake, wheezing. Night still pressed at the glass beyond the venetian blind. The pharmacy lamp in the comer was aglow, but the chair that had been beside it was no longer there. It had been moved closer to Junior's bed..Later, at home, after Agnes sent Edom back to his apartment, she opened a bottle of vodka that she had bought on the way back from Maria's. She mixed it with orange juice in a waterglass..Having been an object of Thomas Vanadium's fixation, Junior felt fortunate to have survived. He shuddered.."Sometimes it's sad here, Mommy. But it's not sad every place you are. Lots of places, Daddy's with you and me, and we're happier, and everything's okay."..And the mills of capitalism provide them. Supply meets demand. Fantasy becomes a commodity, an industry..She poured cold milk and drank it quickly. As she was rinsing the empty glass, she felt as if she might throw up, but she didn't..Consequently, Edom was abroad in the land with pies and parcels, following a list of names and addresses provided by his sister, even though he believed an unprecedentedly violent earthquake, the fabled Big One, was likely to strike before noon, certainly before dinner. This was the last day of the rest of his life..Angel was lying on a towel on the convertible sofa, where Grace had just changed her diaper.."Yes, I'm nicely rounding myself into an early grave," he said almost cheerfully. "And I must admit to enjoying it."..The floor of the spacious bathroom featured beige marble tiles with diamond-shaped inlays of black granite. The countertop and the shower stall were fabricated from matching marble, and the same marble was employed in the wainscoting..He had dragged Ichabod halfway across the threshold when he heard someone say, "No."..Her fear, Agnes suddenly realized, arose from her father's often expressed conviction that an attempt to excel at anything was a sin that would one day be grievously punished. All forms of amusement were sinful, by his way of thinking, and all those who sought even the simplest entertainment were lost souls; however, those who desired to amuse others were the worse sinners, because they were overflowing with pride, striving to shine, eager to make themselves into false gods, to be praised and adored as only God should be adored. Actors, musicians, singers, novelists were doomed to hell by the very acts of creation which, in their egomania, they saw as the equal of their Creator's work. Striving to excel at anything, in fact, was a sign of corruption in the soul, whether one wanted to be recognized as a superior carpenter or car mechanic, or a grower of prize roses. Talent, in her father's view, was not a gift from God, but from the devil, meant to distract us from prayer, penitence, and duty..The candlestick was gone. The pedestal on which it had stood now held a Griskin bronze so devastatingly brilliant that one quick look at it would give nightmares to nuns and assassins alike..With the salt and pepper shakers, Tom walked them through the why-I'm-not-sad-about-my-face explanation that he'd given to Angel ten days previously..which was beginning to come into view, was as sharp as pins and needles, sheer torture to her eyes..Celestina put Angel down, and the girl raced to the bathroom as Wally stepped into the public hall and pulled the apartment door shut behind him.."It isn't that, Daddy. You remember, when we were all together the day before yesterday, how afraid Phimie was of this man. Not just for herself ... for the baby."..Library of Congress Cataloging-in-Publication Data Le Guin, Ursula K., 1929-.Among themselves, the authorities spoke more often than not in murmurs. Or perhaps Junior was too distracted to hear them clearly..Worse, the people who adopted Seraphim's baby might be anywhere in the nine-county Bay Area. Millions of phone listings to

scan..Against the backdrop of granite monuments, Kaitlin hulked like a moldering presence from Beyond, risen out of a rotting box to take vengeance on the living..More likely than not, he would cross Bartholomew's path when he least expected, not as a consequence of his searching, but in the normal course of a (lay. If that happened, he must be prepared to eliminate the threat immediately, by any means available to him..Chan nodded. "Considering the advanced stage of Bartholomew's malignancies, he should have complained earlier than he did.".The next thing he knew, he was at the kitchen sink, turning off the water, which he couldn't remember having turned on. He appeared to have washed the bloody candlestick-it was clean-but he had no recollection of this bit of housekeeping..Jacob had spent most of two days baking Barty's favorite pies, cakes, and cookies, and he'd prepared a meal as well. Maria's girls were at her sister's place this evening, so she stayed for dinner. Edom poured wine for everyone but Barty, root beer for the guest of honor, and while this couldn't be called a celebration, Agnes's spirits were lifted by a sense of normality, of hope, of family..December 1, 1958, in Chicago, Illinois, a parochial-school fire killed ninety-five.".Returning the newborn to the nun, Celestina asked for the use of a phone, and for privacy..As luck would have it," the nun said, "Dr. Lipscomb was in the when it happened. He'd just delivered another baby under.Maria stood at the bedside, leaning with her forearms against the railing. A silver-and-onyx rosary tightly wrapped her small brown hands, although she was not counting the beads or murmuring Hail Marys. I Her prayer was for Agnes's baby..As a young man, he had performed first in nightclubs catering to Negroes and in theaters like Harlem's Apollo. During World War II, he'd been part of a USO troupe entertaining soldiers throughout the Pacific, later in North Africa, and following D-Day, in Europe..Instead of opening his left fist, Tom lifted his martini with his right, and on the tablecloth under the glass lay the coin..Tom removed the lid. No beer, one head. Simon Magusson's severed head lay faceup on the ice, mouth open as though he were standing in court to object to the prosecution's line of questioning..Junior no longer leaned casually on the casing. He put both hands flat against the door..Reading the dates on the headstone, he saw that the minister's daughter had died on the seventh of January, the day after Naomi had fallen from the fire tower. If ever asked, Junior would have no trouble accounting for his whereabouts on that day..Jacob's mentor had been a man named Obadiah Sepharad. They had met when Jacob was eighteen, during a period when he'd been committed to a psychiatric ward for a short time, his eccentricity having been briefly mistaken for something worse..Once satiated, what she desired was a reason to deceive herself into believing that she was not a slut, that she was a victim. She didn't really want to tell anyone what he had done to her. Instead, she was asking him, indirectly but indisputably, to provide her with an excuse to keep their passionate encounter secret, an excuse that would also allow her to continue to pretend that she had not begged for everything he'd done to her..Under Celestina's guidance, the menfolk-Wally, Edom, Jacob, Paul, Tom-had packed cartons of canned and dry goods, plus numerous boxes of new spring clothing for the children on their route. All those items had been loaded into the vehicles the previous evening..Out of a sphinx face, Obadiah conjured a smile that lifted the point of his white goatee when he turned his head to look at Edom. "Ah ... so long ago," he murmured, as though speaking to himself. "So long ago ... but I remember now." He winked at Edom..With everyone in the diner now aware of Junior, with every head turned toward him and with every wary eye tracking him, he dropped the bun cap and the mustard dispenser on the floor. Barging through the swinging gate at the end of the lunch counter, he entered the narrow work area behind it..After all he'd suffered at Cain's hands, Tom Vanadium surprised himself by laughing at these colorful accounts of the wife killer's misadventures. Indeed, laughter had seemed disrespectful to the memories of Victoria Bressler and Naomi, and Vanadium had been torn between a desire to hear more and a feeling that finding any amusement value in a man like Cain would leave a stain on the soul that no amount of penance could scrub away..She rushed on: "I'm one of the best waitresses they have, so if I ask for dinner shifts only, I'll get them. Tips are better at dinner. And working the one shift, four and a half to five hours, I'll have a regular schedule.".Yet that evening, when she'd accepted his proposal and asked if he wasn't frightened, he said, "Not anymore.".WHEN A GLASS OF chilled apple juice at dawn stayed on his stomach, Junior Cain was allowed a second glass, though he was admonished He was also given three saltines..Filled with the songs of swallows that evidently preferred these precincts to the more famous address of San Juan Capistrano, this mild March morning was perfect for pie deliveries. Agnes and Grace had produced a bakery's worth of glorious vanilla-almond pies and coffee toffee pies..One, two, three, four-Edom took away all the remaining pies. He pointed at Barty and then at the empty table..Deeply distressed that he was planning the funeral of a man as young as Joe Lampion, whom he had liked and admired, Panglo paused to express his disbelief and to murmur comforting words, more to himself than to Jacob, as each decision was made. With one hand on the chosen casket, he said, "Unbelievable, a traffic accident, and on the very day his son is born. So sad. So terribly sad.".He said this as though confident Agnes would understand what he meant, with a smile and with a glint in his eyes that almost became a wink, as if they were members of a secret society in which these three repeated words were code, embodying a complex meaning other than what was apparent to the uninitiated..When Bartholomew first said "Kay-jub," and held out one hand toward his uncle, Jacob surprised Agnes by crying with happiness..There was a valuable lesson to be learned from the encounter with Renee Vivi: Many things in this life are not what they first appear to be. To Junior, however, the lesson was not worth learning if he had to live with the vivid memory of his humiliation..In the time of the kings, mages gathered in the court of Enlad and later in the court of Havnor to counsel the king and take counsel together, using their arts to pursue goals they agreed were good. But in the dark years, wizards sold their skills to the highest bidder, pitting their powers one against the other in duels and combats of sorcery, careless of the evils they did, or worse than careless. Plagues and famines, the failure of springs of water, summers with no rain and years with no summer, the birth of sickly and monstrous young to sheep and cattle, the birth of sickly and monstrous children to the people of the isles-all these things were

charged to the practices of wizards and witches, and all too often rightly so. Grace, Celestina, and Paul expressed amusement and amazement at Angel's critical judgment. He didn't realize he was swinging the candlestick at Vanadium's face until he saw the blow land. And then he couldn't stop himself from swinging it yet once more. A mere silhouette against the fluorescent glare, Vanadium stepped into the hall. The bright light seemed to enfold him. The detective shimmered and vanished the way that a mirage of a man, on a fiercely hot desert highway, will appear to walk out of this dimension into another, slipping between the tremulous curtains of heat as though they hang between realities. As Obadiah lowered himself into a well-worn armchair, he said to Edom, "Son, don't I know you from somewhere?" She refused to look at him, the way her mother had refused to look at him when he'd been making love to her in the parsonage. She began twisting a red pencil in a handheld sharpener, making sure that the shavings fell into a can kept for that purpose. "I saw it here." A smoldering cigarette, usually dangling askant from one corner of a hard mouth set in a cynical sneer, was standard issue for tough-guy gumshoes, but Nolly didn't smoke. His failure to develop this bad habit resulted in a less satisfyingly murky atmosphere than the clients of a private dick might expect. One of the paramedics had stooped beside him to press a cool hand against the nape of his neck. Now this man said urgently, "Kenny!" "It was... the only dream that mattered," Joey said. "You ... loving me. It was a good life because of you." The kiss was lovely, long and easy, full of restrained passion that boded well for nights to come in the marriage bed. A quick survey of the lavatory floor. The musician hadn't left anything behind, neither a popped button nor crimson petals from his boutonniere. Uncommonly healthy, he didn't suffer croup, flu, sinusitis, or most of the ailments to which other children were vulnerable. "I believe I'll just wait here until Mr. Cain wakes," Vanadium said. "I've nothing more pressing to do." With the second shot, the dead woman tumbled out of her chair, and the chair clattered onto its side. We know a dozen different Arthurs now, all of them true. The Shire changed irrevocably even in Bilbo's lifetime. Don Quixote went riding out to Argentina and met Jorge Luis Borges there. Plus c'est la meme chose, plus fa change. I got Starkweather, killing all those people with no hope of personal gain. You got maniac cops and this new war in Vietnam. Agnes, Celestina, and Grace were soon working together with a harmony that was kitchen poetry. Paul had noticed that most women seemed to like or dislike one another within a minute of their first encounter, and when they found one another companionable, they were as open and easy on their first meeting as though they were friends of long duration. Within half an hour, these three sounded as if they were of one age, inseparable since childhood. He had not seen Grace or Celestina free of despair since the reverend's murder, but here they were able for the first time to veil their anguish in the bustle of baking and the pleasure of making a new friend. They were each down to one last sip of wine, studying dessert menus, when Celestina began to wonder if, in spite of all instincts and indications, she might be wrong about the state of Wally's heart. The signs seemed clear, and if his radiance wasn't love, then he must be dangerously radioactive-yet she might be wrong. She was a woman of some insight, quite sophisticated in many ways, with the raw-nerve perceptions of an artist; however, in matters of romance, she was an innocent, perhaps even more pitifully naive than she realized. As she perused the list of cakes and tarts and homemade ice creams, she allowed doubt to feed upon her, and as the thought grew that Wally might not love her that way, after all, she became desperate to know, to end the suspense, because if she didn't mean to him what he meant to her, then Daddy was just going to have to accept her conversion from Baptist to Catholic, because she and Angel would have to spend some serious heart-recovery time in a nunnery. Other rooms were furnished as sparsely as those in a monastery. Indeed, the dining room contained nothing whatsoever. In all their years, neither twin had ever set foot beyond the limits of Bright Beach. They both appeared nervous but determined. A few gasps and exclamations. A sweet giggle and applause from Angel. The reactions were surprisingly mild. Celestina indicated to Tom that he should sit at the head of the table, facing Agnes at the foot. As Wally lowered himself into the empty chair to Tom's left, Celestina picked up two items from the sideboard and put them in front of Tom, before sitting to his right. He shook his head. "I think he's evil, not crazy. And stupid in the way that evil often is. Too arrogant and too vain to be aware of his stupidity-and therefore always tangled up in traps of his own making. But nonetheless dangerous for being stupid. In fact, far more dangerous than a wiser man with a sense of consequences." The cheerful tides of friends and neighbors, over the years, had washed away nearly all the stains that the dark rage of Agnes's father had impressed on these rooms. She hoped her brothers might eventually see that hatred and anger are only scars upon a beach, while love is the rolling surf that ceaselessly smooths the sand. Sunday evening, here he was, cracking open four new decks, as if fresh cards might enable the magic to repeat. The dining room again, but this time he remembered how he had gotten here: by way of the living room. By the time he reached the airport, located a private-charter company, chased up the owner through the night-security man, and arranged to be flown at once to Eugene, Oregon, aboard a twin-engine Cessna, the points of pain in his face had begun to throb. Not once did he look back to see if the fire had grown visible as a glow against the night sky. The events at Victoria's were part of the past. He was finished with all that. Junior was a forward-thinking, future-oriented man. The sound made by the dropping corpse indicated that cushioning trash lined the bottom of the bin, and also that it was no more than half full. This improved chances that Neddy wouldn't be discovered until a dump truck tumbled him into a landfill-and even then perhaps no eyes would alight upon him again except those of hungry rats. Instead of staring at Barty directly, he watched Angel as she studied the eyeless boy. She had exhibited no horror at the concave slackness of his closed lids, and when one lid fluttered up to reveal the dark hollow socket, she hadn't shown any revulsion. Now she moved closer to Barty's chair, and when she touched his cheek, just below his missing left eye, the boy didn't flinch in surprise. Junior would have liked to pursue spiritual matters with Sklent, but numerous other partyers wanted their time with the great man. In parting, sure that he would give the artist a laugh, Junior withdrew the brochure for "This Momentous Day" from his jacket and coyly asked for an opinion of Celestina White's paintings. The

sight of her sister's blood and the persistence of the flow made Celestina weak with apprehension. She was afraid she had done the wrong thing by delaying hospitalization..He wanted Celestina to sit in her seat and use her lap belt, but she insisted on cuddling next to him, as if she were a high-school girl and he were her teenage beau..He closed his eyes again and seemed asleep, but then as she clicked off the lamp, he murmured, "You have your halo again.".Although she already knew that the answer could not be cheerily optimistic, Celestina wondered, "Is the baby likely to be . . . normal?".Quickly, he searched for the source, but in less than a minute, before he could trace the voice, it faded away. Unlike that night in December, this time the singing didn't resume..Memory of the Spartan decor of Thomas Vanadium's house lingered with Junior, and he addressed his living space with the detective's style in mind. He installed a minimum of furniture, though all new and of higher quality than the junk in Vanadium's residence: sleek, modem, Danish-pecan wood and nappy oatmeal-colored upholstery..Angel moved her hand to Barty's right eye, and again he didn't twitch with surprise when her fingers lightly touched his closed and sagging lid. "I won't let you forget.".Agnes added this stop to her route at the request of Reverend Tom Collins, the local Baptist minister whose folks unthinkingly gave him the name of a cocktail. She was friendly with all the clergymen in Bright Beach, and her pie deliveries favored no one creed..At first, he couldn't gather the nerve to return to the kitchen. He was crazily certain that in his absence, the dead detective would have risen and would be waiting for him..His thought had been that Reverend White might find in Agnes, Bright Beach's beloved Pie Lady, a subject who would inspire a sequel to the sermon that had so deeply affected Paul-who was neither a Baptist nor a regular churchgoer-when he had heard it on the radio more than three years ago.."A friend's daughter. They say she died in a traffic accident down in San Francisco. She was even younger than Naomi."."How's something so delicious come from a fat, smelly, dirty, snorting old pig?"
